BREAKFAST.—EPPS'S COCOA.—The very agreeable character of this preparation has rendered it a general favourite. Invigorating and sustaining, with a refined and grateful flavor developed by the special mode of preparation applied, this Cocoa is used as the habitual beverage for breakfast by thousands who never before used Cocoa. "Cocoa stands very much higher than coffee or tea," Dr. Hassall says, "and contains every ingredient necessary to the growth and sustenance of the body." It is made simply by pouring boiling water or milk on the preparation as sold. In $\frac{1}{4}$ lb., $\frac{1}{2}$ lb., and 1 lb. packets.
