

**Thorough Servant.**

**WANTED,** a Situation as Thorough Servant, by an active young Woman with respectable testimonials from Clergymen and others; last testimonial, 2 1/2 years; just disengaged. Apply, H.M., CHRONICLE Office. July 1.

Mr Macchi writes to the Times, and says the gross total production of food, animal and vegetable, will probably exceed considerably that of last year. Wheat may be less in quantity, quality, and weight; but peas, beans, oats, potatoes, and perhaps barley, will be in excess, especially peas and beans. Last year there was a ruinous deficit in meat making products. Supposing that we lose a trifle on our wheat area between the three and four million acres, great will be our gain on the forty million acres of other products. Harvest will be three weeks later than last year.

"SIRS, - In reply to yours of the 17th, asking opinion of the Mowing Machine I got from you, to say I worked only one day, as yet, in a very crop of Rye-grass, lodged and tossed every way. I managed to understand his work in a very short time the horses thought nothing of the draught, and I never seen better work. I consider it a most perfect machine, and one that I think you may safely recommend to your best customers.
