... That the inhabitants of the town and vicinity
... would lose the benefit of the day mail from Dublin,
... the delivery of which commences at 4.30 p.m., thereby
... giving sufficient time to reply to letters before the
... departure of the evening mail, which is of the utmost
... importance to all classes, and for which they and their
... Representatives struggled long and zealously, until
... they obtained the boon from the Post-master General,
... and which has also conferred a pecuniary advantage
... on the Railway Company.

... Considering the retrospect given in your report,
... we find the traffic receipts increased 25 per cent from
... 1861 to 1868; and, therefore, it is obvious that every
... effort should be made to sustain instead of lessening
... the sources that realized such a favourable result.

... Acting as Trustees for the Shareholders, whose
... money is largely invested in the Line, we beg to re-
... mind you, that it is incumbent on you to protect the r-
... interests, and not make their chances of a dividend
... for the future less than at present.

... Again, referring to your figures, it is evident
... therefrom, that if you were able to obtain money at a
... moderate rate of interest, you would be in a position
... to pay a dividend.

... Heretofore you made great efforts to accomplish
... that desirable object, in which you were ably seconded
... by the people and their representatives, and in which
... we also most cheerfully aided.

... We, therefore, trust, for the foregoing reasons,
... that you will accede to our request, which, we contend,
... will be for the benefit of the public and the share-
... holders, as well as the Waterford and Limerick Com-
... pany, who have the working of the line.

... Signed on behalf of the Commissioners,
"THOMAS GREENE Chairman."

THE DEPLETION OF IRELAND.

... The depletion of Ireland, says the *Cork Herald*,
... which has become chronic at this period of the year
... has commenced in right earnest. The Great South-
... ern and Western Railway brought, on Tuesday,
... about twenty carriages full of hearty young emi-
... grants, who were to leave Queenstown next day for
... the Greater Ireland on the other side of the Atlantic.
... Thanks to steam America is now as near to Ireland
... as San Francisco will be to New York, even with
... the help of the ironhorse.

... Another person has been arrested at Cahirciveen in
... connection with the alleged attempt to shoot Jeremia-
... h Kelly.

... Mr. McDonald, who was a candidate for the Queen's
... County at the recent general election, committed
... suicide on Tuesday at Kingstown, near Dublin.

... On Monday, says the *Clonmel Chronicle*, the Hon
... M. Joseph French, R. M., held a private investiga-
... tion that occupied four hours, at the court house,
... Cashel, in reference to the murder of Mr Toppin.
... George Bolton, Esq. Crown Solicitor, accompanied by
... Mr Ffrench, R.M., returned to Buffana, on Tues-
... day, having already spent nearly two days in the
... neighbourhood. They devoted several hours in a
... close inquiry into all the circumstances of the case.
... The strictest privacy was observed. For obvious
... reasons we refrain from any reference whatever to
... the parties who were examined. It is sufficient for
... the present to know that the authorities are with
... the most praiseworthy diligence engaged in the col-
... lection of evidence which may yet prove important
... by leading to the discovery of some clue to this
... mysterious and dreadful murder. Not a moment has
... been lost, and it is universally hoped by all interested
... in the public welfare and the safety of the country
... that the perpetrators of this dastardly and cruel
... outrage, whoever they are, may be brought to justice.

... Captain Gonna has returned to Dublin, from leave
... of absence, and resumed his command as Brigade
... Major of the Cavalry Brigade in Ireland.

... The proposition to refer the Rev. Mr. Magin to the
... Commissioners was then adopted.

Mr Casey—We must all support the chair?

... The Mayor—I am very sorry that my own party
... do not behave as they ought to do (uproar).

... The Chairman—You are out of order.
Mr Mayne—There is no party here, sir.

... Mr Julian—There is no party here, Can't we carry
... on our business without politics?

... in great disorder, if not in absolute violence, then
... closed, and the matter dropped.
