THE CHURCH OF IRELAND.—The Lord Bishop of Down, having recently divided Belfast into two districts—North and South—the Rev. Thomas W. Roe, M.A., Vicar of Ballymacarrett, has been appointed Rural Dean of the one, and the Rev. Robert Hannay, M.A., Incumbent of Christ Church Rural Dean of the other.

FATAL RAILWAY ACCIDENT.—A deaf and dumb beggarwoman, named M'Quaide, was fatally injured on Thursday last, on the Irish North Western Railway, between Fintona and Dromore Stations. The driver of the mid day goods train observing her crossing the line made the usual alarm and shut off steam, but unavailing, as the poor woman was knocked down by the engine and died in Omagh Infirmary about half an hour afterwards.

PETITION FOR THE ENFRANCHISEMENT OF NEGRO.—The draft of the petition to the House of Commons, praying Parliament to constitute this place a borough, empowering it to return one member to the Imperial Parliament is prepared. The petition is the result of a public meeting, and resolutions grounded on the fact that the city of Cashel, situated in the same county, has been deprived of its representation. It fully sets forth the reasons for laying claim to the seat, and it is to be presented by Denis Caulfield Heron, Esq., QC, MP, supported by the Hon. Colonel White, MP, his colleague in the representation of the county, with John Bagnell, Esq. MP, the hon. member for the borough of Clonmel.

DEATH OF MR. HENRY HASSETT, J.P.—It is with no small regret that we have to announce the death of Mr. Henry Hassett, J.P., Woodlands, Bandon, which took place on yesterday. The melancholy event, which occurred with lamentable suddenness, will create a feeling of profound regret over the entire county, for everywhere Mr. Hassett had the esteem of the circle in which he moved. Especially in the locality in which he resided he possessed an unequalled degree of popularity amongst all classes, and the peasantry will long revere his memory because of the innumerable acts of kindness and liberality that distinguished his career. Although comparatively a young man, he leaves behind him a reputation for unblemished integrity and purity of character that few who court popularity could hope to obtain. At the Bandon Petty Sessions, yesterday, Mr. W. C. Sullivan, J.P., (who appeared to be labouring under deep emotion) in moving the adjournment of the court, said—It is with feelings of regret and heartfelt sorrow I rise to speak to my brother magistrates to adjourn this court in consequence of the death of our esteemed friend, Henry Hassett, a gentleman so long associated with us on this bench. His loss will be felt not only here but throughout the whole neighbourhood, as he was the friend of all, and the enemy of none. My feelings will not permit me to say more, but merely ask my brother magistrates to adjourn the court. Captain Wheeler said he endorsed every word which had fallen from Mr. Sullivan. The adjournment was unanimously agreed to.—*Cork Herald*.

A MAN KILLED ON A RAILWAY.—Waterford Monday.—An inquest was held yesterday on the remains of a man found lying mangled on the rails of the Waterford and Limerick Railway, between Orange and Fiddown stations. It is thought that the deceased got on the rails at night, and that several trains had passed over him. Beyond the name "Patrick Sullivan," which was cut in a stick he had in one hand, there is no clue to who he is. He was dressed in a frieze coat and waistcoat and corduroy trousers, and wore a round felt hat, apparently of the agricultural or cattle-dealing class. The body was frightfully mangled. The jury returned an open verdict of found killed on the railway.

lost from three to four hundred killed and wounded. Our loss on both days was about fifty men. Menotti Garibaldi is said to have commanded on the 26th.

GREAT BATTLE IN THE NORTH.

(GERMAN ACCOUNT).

Moreuil, Monday.

A victorious engagement took place to-day, and lasted until darkness set in, between the German 1st Army and the advancing Army of the North. The French were driven back upon the Sonne, to their intrenched position before Amiens. A French regiment of marine infantry was ridden down by the 9th Regiment of Hussars. The German losses were not inconsiderable.

(FRENCH ACCOUNT).

Tours, Monday.

Official despatches announce a battle between Villers Breton Neux and Soleur, near Anien, which lasted the whole of yesterday. The fighting at the commencement was favourable to the French, who maintained their positions up to half-past four o'clock, when Villers Breton Neux was abandoned before superior force and the powerful artillery of the enemy. The French troops were beaten at Boves, but at Eury they maintained their positions. The German forces engaged are estimated at 30,000 men.

PROPOSED CONFERENCE ON THE EASTERN QUESTION.

Vienna, Monday.

The Prussian proposal for a conference has been notified to the Austrian Cabinet as well as to the other Powers. The dispositions of the Government are in principle favourable to the proposal. Still, the definite adhesion of the Austro-Hungarian Government depends upon the solution of certain preliminary questions. Count Beust returns to Pesth to-day.

The *Echo* states that on the opinion of the ministers the despatch does not threaten the removal of the question from the sphere of diplomacy.—Lord Granville laid the Russian reply before the Queen on Saturday at Windsor, and Captain Haworth, Queen's Messenger, leaves London this evening to convey the Ministerial deliberations to Mr. Odo Russell at Versailles. The Cabinet on Friday awaited the reception of the copy of the Russian reply, but Lord Granville was well informed of its tenor from intelligence received by Captain Haworth who left St. Petersburg with despatches from Sir A. Buchanan and beat the Russian Cabinet courier who started at the same time, by six hours, and arrived at the Foreign Office at 5 o'clock on Thursday evening.

ATTEMPTED ASSASSINATION OF KING WILLIAM.

King William of Prussia has been fired at by a Bavarian soldier. The King was not struck. The ball passed near his head. The soldier was immediately arrested and shot.

CAPTURE OF AMIENS.

Royal Headquarters, Versailles, Monday, (8.26 Evening)—General Count Groeben has occupied Amiens.

London, Tuesday Morning.

The latest intelligence is that Amiens has been taken, after two days' hard fighting, by the Germans. This not only gives the Germans possession of an important town, but effectually breaks the back of the Army of the North.
