Numerous despatches from Rome state that great numbers of voters are arriving in the city, and that immense enthusiasm is everywhere prevailing. Large bands of voters are parading the streets, shouting "Long live Italy and King Victor Emmanuel." The spectacle is said to be splendid. Intelligence from other Roman cities mentions the same enthusiasm and influx of voters. It is asserted that the deputation charged with presenting to the King the result of the plebiscite will arrive in Florence on Thursday next.

THE POLICY OF RUSSIA.

Vienna, Monday.
The *Monday Review* says reliable information enables us to state that the alarmist news as to the decisive tone which Russian policy has taken, as well as the reports of Russian military preparations, is entirely without foundation. The rumours have all arisen from an alleged but unauthenticated utterance of General Ignatiff at Constantinople. Russian military preparations consist merely to insure the yearly assembly of the recruits, and have in no way a disquieting influence. The *Monday Review* finally declares that the relations now existing between the cabinets of Vienna and St. Petersburg leave scarce anything to be desired.

THE FIGHTING AT METZ.

Tours, Saturday.
The Government has received news from a person who has arrived from Metz. According to this intelligence, Marshal Bazaine gained a signal success over the Prussians on the 31st August. Other engagements favourable to the French took place on the 23rd and 27th Sept.; and on the 29th September General Bourbaki made a splendid sortie, and drove the Prussians as far as Brerie. Metz is completely furnished with provisions and munitions. Marshal Bazaine has with him an army of 100,000 men in perfect health; the National Guard has undertaken to defend the town in case Marshal Bazaine succeeds in cutting himself away through the Prussian lines.

THE FRENCH ELECTIONS.

Tours, Monday.
The Government delegation in this city has issued a proclamation relative to the elections to the Constituent Assembly. It refers to the fact the elections were at first fixed for the 16th October, but subsequently the earlier date of October 2nd was chosen, with the view of facilitating the negotiations for an armistice. The proclamation adds:—"May the course of events and the courage of the Parisians bring deliverance before the not distant date for which the Republican Government calls together the Constituent Assembly; but if we are destined still to fight, we trust that the Assembly will afford the army that is to deliver Paris that patriotic inspiration and sentiment of honour which should animate it throughout." The proclamation declares that the elections will be perfectly free, and it recommends the calm and serious attitude required by the position of affairs. A decree is appended ordering the elections to take place on the 16th inst., and maintaining all the arrangements settled by the previous decree. Advices from Lyons state tranquillity and harmony are becoming more and more firmly established.

SALFORD CATTLE MARKET—THIS DAY.

There was a much less supply of both cattle and sheep at to-day's market, and the quality was similar to last week, being chiefly of the second and inferior sorts. A few of the best heifers met with ready sale, and realised up to 8½d per lb. A better demand was experienced also for other qualities. Sheep moved very slow, considering the quantity but prices ruled in favour of sellers. The following are the quotations:—Beef, first class, 8½d; second do., 8d to 8½d; Spanish beef, 7d to 7½d; sheep, 7d to 9d; calves, 8d to 9½d per lb.

LIVERPOOL CATTLE MARKET—YESTERDAY.

LONDON PROVISION MARKET.

(Jones' Brothers Report.)

London, Monday.

Bacon—Imports of singed sides from Ireland 3,433, and from Hamburg 1,529 bales. Arrived to-day and on the way from Ireland about 1,430 bales. Prices for Irish singed were barely maintained last week, and in expectation of decline immediately purchases are made with great caution, demand being chiefly for the cheaper descriptions. Hamburg sizeable and light weights were slow at 68s., 70s. to 73s. landed. Nothing doing in Irish bale middles.

To-day Hamburg singed is offered at 2s. to 4s. less than the above prices.

Arrivals from America into Liverpool were 182 boxes against 1,122 in the corresponding week last year. For the little American here prices are nominal, no sales being reported.

Beef—Transactions are trifling at 140s. for Texan India Mess and 120s. to 125s. for Prime Mess. No stocks in first hands.

Butter—Imports of Irish 818 firkins. Arrived to-day and on the way from Ireland about 1,100 firkins. From the Continent by direct steamers 12,324 casks were reported against 13,144 last year; from France via Southampton and railway, 15,545 packages against 7,986, and from America into Liverpool 3,701 against 3,695 last year. Supplies of Foreign, especially of French were large last week satisfying all the dealers' wants, consequently Irish was almost neglected, our quotations are the prices required. No American or Canadian offering, good well selected qualities would fetch 104s to 112s. To-day Friesland sells slowly at 126s to 128s., Zwole and Kampen, 112s to 120s., Danish and Kiel offered at 76s., 84s, 108s, and 130s., no buyers, Bosch dull at 90s to 100s., Leer 90s. to 106s., Jersey, 90s. 112s. and 120s., Normandy 104s. 120s. and 136s. The "Federal" party are about to hold their second meeting in the Rotundo, Dublin.
