## DURT-MARTIAL.

Officers of the Agincourt, when several other were examined in reference under which the tenant Littledale said the bridge as officer of staff commander, was was officer of the anyone taking angles, was taking bearings the watch he knew of Shoal as a danger to of his own knowledge commander continually chart. The staff-commander a bearing as the Agincourt; he saw him at came on the bridge to course was altered three by orders from the communicated to him by the Captain Wells. The staff-commander casual remarks about the Agincourt struck against them. Captain the Warrior, said he first being of the Agincourt by gines. In his opinion as Shoal the ships on the much towards the Spawere different round the ere where the Agincourt out a knowledge of the and allowing for what was that the starboard the Pearl Rock about rd hand. The Warrior led on the Pearl Rock if itness knew where the vere 18 fathoms under the I not think at any time saying they were going
