SERIOUS ROBBERY AT A RAILWAY STATION.—A lady named Miss Smyth was proceeding on Friday evening by the train to Macroom. When she reached the station in a car she gave her luggage in charge to a railway porter to place in the train. Amongst the articles which she entrusted to him was a lady's sack, containing a large sum of money and valuables to a large amount. Though the distance between the outer door of the terminus and the platform where the train was drawn up is not more than twenty yards, the porter could not, on being asked by the lady for the sack, account for its whereabouts. He admitted having received the article at the door, but what became of it in the interval he was unable to say. The robbery was at once reported to the police, who on inquiring into the affair, arrested the porter, whose name is Denis M'Naghen. The sack contained £25 in gold, a bill for £100, and jewellery to the value of £60. The sack and its contents have not been yet recovered. —Herald.
