This morning some thirteen samples of milk  
were taken in the market by Mr James Forrest,  
High Constable, in the presence of the Mayor.  
The milk was tested with a lactometer, the  
result showing the degrees of water to vary from  
two to twelve, the latter being two degrees in  
excess of the limit fixed by law.

We are requested to state that the appeals  
from Civil Bill decrees in the Newcastle district  
will be heard before the Lord Chief Baron on Fri-  
day, and those from Rathkeale, Bruff, and Lime-  
rick, will not be taken up until Saturday morning  
at half-past ten o'clock. The county records  
will not be taken before two o'clock on Monday.

An exceedingly sudden death took place yester-  
day in Nelson-street. As Mr Timothy Sugrue  
was returning home on the previous night after  
having attended some religious services in the  
Redemptorists' Church he was suddenly taken  
ill while passing Pery Square, and was carried  
home by one or two men who came to his assist-  
ance. Mr Sugrue never spoke afterwards, and  
died yesterday after having been for a consider-  
able time unconscious. The deceased was well  
known in this city, and interested himself more  
or less in public affairs. He was much esteemed  
for his unobtrusive character, and general  
urbanity of disposition.

The South Tipperary Militia, now the 4th Batta-  
lion Royal Irish, assembled for a month's training  
at Nenagh on Monday last, the rank and file  
numbering about 600. The officers are:—Hon.  
Colonel, The Right Hon. Viscount Lismore,  
Lieutenant Colonel R. A. Cooper. Majors: Joseph  
Seymour and Fitzgibbon Trant. Captains, J  
Ashmore, R. St. George Mansergh, W. N. C. Darcy,  
Alexander Carnegie, and T. Carter. Captains  
Rice (Munster Fusiliers), Morrison (Royal Irish  
Rifles), and Finlay, (attached). Lieutenants G.  
M. Griffin, W. J. Hodder, H. J. Thacker, Gibton,  
Bredin and Carew. Adjutant: Captain S. Phillips.  
Quarter-master: George Roe.

It will be perceived by announcement in our  
advertising columns that the Lord Bishop of  
Killaloe will preach in Castleconnell Church, on  
Sunday next, at morning service (11.30), and  
that in the afternoon, at 3.30, his lordship will  
deliver a special address to the children, who are  
all expected to bring bouquets, which will sub-  
sequently be distributed among the patients in  
Barrington's Hospital. After each service a  
collection will be made in aid of the school fund.  
Considering that the train service to and from  
Castleconnell will be suitable, we have no doubt  
a large number from this city will avail them-  
selves of the opportunity to hear the esteemed  
Diocesan, whose praise is in all the churches.

According to the returns of the Registrar-  
General, for the week ending 4th instant,  
17 births have been recorded in this city  
and district, against a total of 27 deaths.  
Of the mortality six took place in public institu-  
tions. The average annual death rate represented  
by the deaths registered last week in the sixteen  
principal Town Districts of Ireland was 28.4  
per 1,000 of the population. The deaths  
registered in each of the past four weeks in
