We regret to record the death of Mr John Barry, an old and respected trader of this city, which took place on Monday last. His remains were interred to-day in Mount St Lawrence Cemetery. Notwithstanding the very severe weather prevailing, the funeral was exceedingly large, and it was attended by representatives of all classes and creeds in the city anxious to pay a last tribute of respect to the memory of the deceased gentleman.

The Police Court opened this morning at a quarter to 12 o'clock, Mr J. B. Irwin, R.M., being the only magistrate present. A disorderly character named Kate Slattery was remanded for eight days to Nenagh Petty Sessions. A man was to have been brought up by the watch for being drunk, but the watchman who had charge of the case grew tired of waiting for a magis- trate, and took his prisoner away to find one, and get him discharged. The man, it seems, was drunk last night, and alleges that he was robbed of £27.

A CORRECTION.—In our report of a meeting of the Limerick Guardians of December 2nd we stated that Mr C M Wilson, Clerk of the Union, had been allowed £90 for his services under the Parliamentary Voters' Act. This was wrong, as Mr Wilson only received £20, and we hasten to correct the mistake (a typographical one), as a wrong impression has got abroad about the mat- ter. This sum of £20 is we believe the lowest allowance that has been made in any Union in Ireland, and we understand the matter is not yet ended.
