At the usual monthly meeting of the managing committee of Barrington's Hospital held yester-day, Mr R. L. Hunt in the chair, also present— Mr W. Swain, and Rev Mr O'Shaughnessy, the last named gentleman submitted a better system of keeping the accounts of the Hospital, and said he would undertake to look after them for a month. Yesterday, District-Inspectors Harrison and Dunne held an inquiry at William-street Police Barracks into a charge of insubordination preferred by Sergeant Hanly against Constable Brennan. The "insubordination" consisted of having failed, as alleged, to act according to the regulations when questioned as to the delay in executing a message entrusted to the constable. The minutes of the inquiry will be transferred to the Inspector-General.

We regret to announce the death of Mr T. Roche, J.P., of Newcastle West, in this county, which took place yesterday. Mr Roche was an old and extensive trader in Newcastle West and was always most popular with his fellow townsmen. Recently he was appointed to the commis-sion of the peace and exercised the duties of that office with strict impartiality, always tempering justice with mercy. His demise will be much regretted by a very large circle of friends.

THE LIMERICK HARRIERS.—A large company turned out to-day to welcome the Limerick Harriers at Kilpeacon Cross, but the sad news of Mr Russell's death having been conveyed to the Master on the road, he at once sent the hounds back to kennel, as all those present felt truly sorry for the bereavement of a family so inti-mately connected with the interests of both the city and county of Limerick.

SIR GEORGE ERRINGTON'S TENANTS.—The tenants on the Shronell, Raheen, Rathneveen, Tipperary, and Cashel properties of Sir George Errington attended at the estate office, Tipperary, on Saturday, in answer to a call for payment of rent. The acting agent, Mr Pateshall, offered an abatement of 20 per cent. The tenants demanded 30, without which they stated they could not pay. The agent said he was empowered to give but 20. The tenants unanimously declared their utter impossibility to pay the reduction offered. The tenants then left the office in a body, stating that Sir George had refused an offer which he might not get again.
