DEATH OF MR. WILLIAM LYSAGHT, J.P.

We regret to have to announce the death of Mr
William Lysaght, JP, of this city. The deceased
gentleman had been ailing for some months past,
and on Wednesday morning, at his residence,
Thomas street, quietly passed away in his sleep
at a comparatively early age. Mr Lysaght occu-
pied since the disestablishment of the Church the
position of Diocesan Secretary, and the knowledge
which he possessed of diocesan affairs was com-
plete in all its details. The diocese will lose in
him a valuable and painstaking official, whom it
will be difficult to replace. In all his dealings
Mr Lysaght's action was characterised by un-
swerving rectitude of purpose and a
rigid adherence to what was upright and
noble-minded. Those who came into public
relations with him regarded him as a true and
honourable gentleman, who could always be de-
pended upon to act with justice and strict im-
partiality. Such characters are not always to
be met with in public life, and the death of Mr
William Lysaght reduces the number. Mr
Lysaght was possessed of property in this county,
and as a land valuer had very considerable
practice since the passing of the Act of 1881, in
Limerick as well as the adjoining counties. The
deceased gentleman interested himself in pro-
moting many local annual events, the County
Lawn Tennis Tournament being conspicuous
amongst the number in which he always
took the liveliest concern. The funeral, which
will be strictly private, will take place on Satur-
day morning, when the remains will be interred
in St John's Churchyard.

MESSRS SMITH, PARKER, AND FITT'S NEW PREMISES, WILLIAM-STREET.

The handsome and very extensive warehouse
of the above enterprising firm which has been
erected on the site of the one destroyed by fire
on the morning of the 21st of August last will be
opened on Saturday next, when the business,
carried on for some time past in temporary shops,
will be again united. The building covers a
space of 5,000 superficial feet, and consists of
spacious basement, shops, and three floors over,
rising to a height of about 60 feet from the street
level. The facade to William-street is a develop-
ment of the Queen Anne style, which has become
so popular in late years, and is the first specimen
of it seen in our city. It is of red moulded brick,
with terra cotta strings, columns, caps, and
bases some of which we would call the attention
