Waterford and Limerick Railway System Traffic Receipts 9th week, ending 31st August, 1888.

Rogers was shot dead by some

THE BRITISH ASSOCIATION

The British Association, divided into eight sections, entered to-day, in discussion of special subjects. The discussion was introduced by an address from the Secretary. In the geographical section was discussed on the trade routes between the east; in the anthropological section on the best means of increasing geographical knowledge available in the public in mechanical science, on potentiality of electricity, to be kind; on physical science, Professor On terrestrial magnetism, Professor chemical selection, pleaded for thoroughness in the study of geology. Professor Boyd Hawkins, in the section on reviewing the progress of his work, the failure of all attempts to measure of geological time in years, the value of those merely of sequence of events. Professor Dyer, in the biological section, discussed the value of perfecting natural classification.

MOVEMENTS OF THE ARMY.

The 1st Battalion 1st Leicestershire Regiment left York this morning for Bermuda. General Dannie gave his parting words to the men on their departure from the York and Lancaster Regiment barracks at York.

THE DIJON RAILWAY ACCIDENT.

Besides the English passenger injured yesterday as injured in the collision, the names are published of the other passengers: a governess, Chester; Lady Mordaunt, slightly wounded; and Mrs St. John, slightly bruised.

The Press Association, from London to-day, has ascertained that the man who was killed in the Dijon railway accident was the daughter of the late Captain Marriott, of West Cromwell, and Captain Marriott was here when he was travelling to Geneva. Captain Marriott's right arm and right leg were injured, does not belong to the
