On Treasurer's account it appeared there had been deposited and lodged in the Bank during the week, £338 12s 11d; and the balance against the Union was £338 10s 8d, exclusive of unpaid cheques issued to contractors.

#### THE NEW RATE

On the subject of the new rates for the ensuing year a discussion among the guardians, resulted in a resolution to reduce the estimate on his own divisions.

In the western divisions the long continuing dispute inspired from time to time, but which has been uncollectable, brought the representatives of the divisions to their feet, who blamed the contractors and everybody connected with them, which they alleged, had for the past year created a very embarrassed state of affairs in the union.

The estimate was, however, signed at last week. **MILITARY STATE OF LANES IN KILKEE.** Reports were received from Dr P. C. Keane, medical officer of the Kilkee dispensary, in reference to dangerous nuisances in the lanes in that town.

Dr Keane, J.P., said he drew Mr Keane's attention to the matter, but that he only turned on him and said the road contractors were to blame. The sanitary officer denied that he made any report on Mr Cox, but it was his duty to make reports of nuisances to the sanitary officer, and these reports were read here.

Dr Keane said the Kilkee guardians denied that any blame could be attached to Keane.

Dr Keane, J.P., said Mr Cox pointed out to him the dangerous state of a lane leading to Mr Cox's yard.

On the same discussion an order was made to the sanitary officer to serve notices on the owners of these places to abate the nuisance within the prescribed time.

#### EVICION NOTICES.

At the court read eviction notices by the Marquis of Ely against tenants in Kilkee, and by the Marquis against tenants near Carrigaholt. The court adjourned at a late hour.

A military detachment which has been stationed in Killarney for several years have been withdrawn, and the barrack premises are to be sold.
