Both were prepared by Mr. J. F. Switzer, LL.B., T.C.D., and both were successful on first trial. At the previous examination the only successful candidate belonging to this city was also prepared by Mr Switzer, who will resume his class about August 10th.

**SAD DROWNING FATALITY.**—A melancholy accident occurred this evening at the docks, the victim being a young man named John Droughton, a native of Askeaton. It seems the deceased had taken charge of a yacht, and had a canoe for utility whilst doing so, which got capsized, and the poor fellow being unacquainted with the art of swimming, was unable to save himself. The body was afterwards recovered and conveyed by the constabulary to the morgue. An inquest will probably be held this evening.
