**EVICTON IN COUNTY LIMERICK.**—The sub-  
 sheriff of Limerick, Mr Frederick St C. Hobson,  
 accompanied by his bailiffs, and protected by a  
 large force of Constabulary from outlying stations  
 to the number of fifty, under the command of  
 District Inspector Wright, Newcastle West,  
 evicted a tenant named James Cussen yesterday  
 morning on the Mount Plummer estate of Major  
 Plummer. One bailiff had to use the crowbar to  
 effect an entrance. There was a large concourse  
 of people present. Mr Hobson tried to effect a  
 settlement, but to no avail.

**FATAL ACCIDENT.**—A melancholy accident,  
 attended with fatal results, occurred at Newcastle  
 West a few days ago. A girl named Hurley was  
 proceeding home from Ashford having in her  
 charge a horse and cart; when about a mile from  
 town the animal became restless, the consequence  
 being that the unfortunate girl was thrown to  
 the ground, where she lay prostrate for some  
 time. Assistance was rendered as soon as pos-  
 sible, and the girl conveyed to a neighbouring  
 house, where she shortly afterwards expired. The  
 deceased was about 26 years of age.

**SEIZURE OF WHISKEY AT KILRUSH.**—On  
 Wednesday evening, Head-Constable John  
 Kennedy, with four constables, proceeded to a  
 licensed house in Kilrush, and seized a keg and a  
 bottle of whiskey alleged to be illicit whiskey or  
 "potheen." The affair created a great deal of  
 excitement in the town, it being market day in  
 Kilrush, and a large crowd followed the police to  
 the barrack. The police assert that large  
 quantities of illicit whiskey are being sold in the  
 town, and that further raids are imminent. The  
 publican says it is Scotch Whiskey. He is to  
 be prosecuted at the Kilrush Petty Sessions on  
 Monday.—Cor.
