DEATH OF MR. TOM JOYCE.

His numerous friends in the city and county of Limerick, and indeed in many commercial centres in the kingdom, will hear with much regret of the unexpected death of Mr Tom Joyce, buyer in the silk department of Messrs Todd and Co., William street. He had been but a few days ill, and passed away last evening at the early age of 37 years. Mr Joyce was a great favourite in Limerick—his courteous and happy manner having won for him the esteem of everyone with whom he came in contact, whether privately or publicly, and it may be remarked that in his business he could not be excelled. His name is well known amongst the elite of this district, for in the arrangement of many public and private events he took an active and prominent part. His taste and skill in all matters appertaining to his department were proverbial, and it was universally recognised that under his supervision the decoration of a church for a marriage ceremony, or the arrangement of a ball-room, was in competent hands. Several of the souvenirs which popular artistes received at the Theatre came from him, and they were ever admired by the recipients as real works of art should be. The poor found in Mr Joyce a staunch friend, so that all round his demise is sincerely regretted. To-day the blinds of the Shannon Rowing and Drapers' Clubs, of which he was a member, were drawn, and various establishments had shutters up as a mark of respect to his memory. This evening the remains were conveyed to St. Michael's R. C. Church, from which the funeral will leave at nine o'clock to-morrow morning for Mount St Laurence Cemetery.
