

before the Board was routine.—COR.

REFUSAL OF THE GLENSHARROLD TENANTS TO GIVE UP POSSESSION.—On Saturday, Mr Hosford, the agent of the above property, accompanied by the estate bailiff, John Kelly, visited the houses of the fourteen tenants who have been served with eviction notices, and formally demanded possession on behalf of the landlord. In every case the tenants refused, and state that they will hold their homes as long as they can. Orders for possession will be applied for at Petty Sessions.—COR.

CITY DISPENSARY COMMITTEE.—Dr O'Shaughnessy, J.P., presided at the monthly meeting of this committee held yesterday. There were also present—Alderman Ryan, Alderman Gaffney, Mr P. O'Malley, Mr P. Herbert, Mr S. Hastings, J.P., and Mr T. Hartigan. Leave was granted to Drs O'Connor and Shanahan, and it was resolved on the motion of Mr Hartigan, seconded by Mr O'Malley, that Mr Coffey, caretaker, be allowed £5 per annum for his services in that respect. Some routine business having been disposed of the committee adjourned.

SAD DROWNING ACCIDENT AT BALLYBUNION.—Intelligence has been received at Newcastle West of the drowning of a man named Patrick O'Donnell at Ballybunion on Sunday. Deceased formed one of a number of excursionists who visited the place on that day. It appears he ventured out beyond his depth and was drowned before anyone could go to his assistance. His untimely death has cast a deep gloom over the town of Newcastle West, of which he was an inhabitant. He was about thirty years of age and unmarried.—COR.

REGISTRATION OF PLUMBERS.—On Saturday evening a meeting of the Limerick District Committee was held at the Athenæum, Mr D Thompson in the chair. Messrs T M Namara, M A Hennessy, C E; B Fogarty, C E; P M Inerney, J Palmer, W D Williams, C E, and P J Lynch, C E, hon sec. also attended. Several applications were received from plumbers in Worshipful Company of Plumbers. Most of the applicants were recommended. Some were referred back for inquiry or for examination. It is proposed by the committee to make such arrangements as will enable the younger members of the trade to avail of as much of the technical instruction required by the plumbers' company in the future as it is possible to provide in Limerick.

BITTEN BY A RAT.—A very interesting piece of intelligence appeared in the newspapers with reference to Mr Hovel, an officer of the Worcestershire Regiment, who got bitten by a rat a few days ago. The circumstances detailed are incorrect in some important respects. The statement that the officer took a wager that he would hold a rat for a certain time, and put it under his arm, is denied, as also the report of his winning a wager for a remarkable pedestrian feat between Cratloe Camp and the New Barracks. That he was bitten by a rat, is unfortunately too true, but it would seem that
