amongst the number, with Dr Tanner bring-
ing up the rear. What a position for an Irish
member to find himself in, that of opposing the
Derby adjournment. Dr Tanner was, however,
seriously distressed for the loss of time occa-
sioned if the motion should be carried. He
regretted the House had not the opinion of the
Government, "who were sitting silent on the
Treasury bench, not like stuffed figures at
Madame Tussaud's, but like figures in the
Chamber of Horrors." This elegant sally was
received with great laughter, and doubtless
raised the speaker in the opinion of all who
listened to him. The division then took place,
and the House gave itself a holiday, the last it
will have this session, for the tug-of-war is now
beginning, and party will fight party till the
Dog Days compel them to separate from sheer
exhaustion.

The body of a young man named Michael
Moloney was discovered yesterday at Brigh
Castle. The deceased was one of the crew of the
turf boat which lately capsized in the Shannon.
The body was conveyed to Limerick and removed
to the morgue. An inquest will probably be
held.

A marriage is arranged, and will take place in
August, between Mr. Croker Barrington, of 51
Fitzwilliam-square, Dublin, second son of Sir
Croker Barrington, Bart., of Glenstal, Murroe,
Co. Limerick, and Miss Florence Bayly, youngest
daughter of John Bayly, Esq., J.P., D.L., of
Debsborough, Nenagh.

The Limerick Boat Club scratch races will take
place to-morrow evening, and should the weather
prove favourable, are certain to be very interest-
ing. Mr J. A. Placo has kindly placed his launch
at the disposal of the starter, while the umpire
will have the use of the pretty steam yacht owned
by Mr R de Ros Rose, J.P.

ROYAL ARTILLERY.—A battery of the Royal
Horse Artillery consisting of four officers and 66
men arrived in Nenagh on Tuesday from Roscrea
en route from the Curragh and left on the follow-
ing morning for Limerick, whence they have
departed for Glenbeigh, to undergo the annual
balling practice. The men were billeted last
night in various parts of the city. Another
battery of the same corps is also on the road for
Glenbeigh.

Alderman Gaffney—I think this is no p
the introduction of the matter at all.
Mr M'Donnell said the Harbour Board
be anxious to take the opinions of their
citizens at all times. He was sure they
give due weight to this resolution. They
not ask him to say any more.

Mr Begley said the governors were in a
financial state, and he proposed that the a
be reduced to £50.

Alderman Gaffney seconded the resolutio
The Chairman remarked that the insti
was doing excellent work in the city, as m
them knew, and at very great expense. H
gested that £75 be given.

Mr B. M'Donnell proposed this, and i
seconded by Mr Ryan.

On a poll being taken, it was found there
only 13 members present, and the present
had to be adjourned with a number of othe
well as several miscellaneous matters.

It was decided to convene another meetin
Tuesday next.
