on Tuesday last, and was of very large propor-

character, all classes from the surrounding dis-

memory of a gentleman who possessed many of
the best traits of character. He was of a kind
and genial manner, and always took the best
interest in the welfare of his poorer neighbours.
His premature and unexpected demise has cast a
gloom over the entire district, and his name will
long be remembered with affection by those

THE FIRE BRIGADE.

Arising out of a report submitted by t

greatest importance, and should not be
