DEATH OF DR M. V. BOURKE.

We announce with much regret the death of Dr M. V. Bourke, which took place at his residence, 65 George-street, to-day, from appoplexy. He had been ill but for a short time, and the news, of his demise cast a gloom over the city this afternoon. A skilful practitioner, he was highly respected and esteemed, while in private life he enjoyed the acquaintance of a very large circle of friends. He had been in the profession for about forty years. Having commenced his career as apothecary of Barrington's Hospital, subsequently became surgeon of the Hospital, and later on was appointed manager of the old Limerick Medical Hall, which position he held till the proprietors gave up business some seven or eight years ago. The second fete of the above habitation of the Primrose League was held at Ballybunion on Tuesday last, and proved a great success. A special train was provided by the Waterford and Limerick Company for the convenience of those members who wished to avail themselves of the opportunity of visiting this pretty watering place, and the visitors were amply repaid for their long journey, as they had a most enjoyable day. The weather being very favourable, about three hundred travelled from Limerick, and the stations along the route, and at Ballybunion were met on the platform by a deputation from the Tralee branch of the League, headed by their undefatigable and energetic hon secretary. Miss Rowan, and other prominent members of the St Brendon Habitation. Mr and Mrs George Hewson did everything in their power to make the fete a success. On the passengers alighting from the train dispersed in knots over the sea shore, which presented an animated appearance, and the day on only too fast. At 4.30 the party assembled at Mr Hewson's premises to partake of an excellent tea, which was provided, at the expense of the League, by Mrs M'Mahon. Tea being over, a meeting under the presidency of Sir Charles Barrington, Bart, Ruling Councillor, was held. The Chairman, in a few appropriate remarks, introduced Miss Rowan, who delivered a very interesting and practical address.
