THE RECORD.—The first number of the Record, an Irish journal of sanitary science issued to-day. It is edited by Dr. J. J. Kingstown, and contains a number of articles by eminent writers. The storage of water from the pen of Cameron. Dr C MacDowel Cosgrave, "Biology in the Royal College of Surgeons." "The prevention of consumption." The public health and the necessity of the "regulation of plumbers" is the title of an article from Dr Edgar Flinn. Various other instructive subjects to be found in the pages of this journal, which, we are confident, is a very creditable manner. The journal calculated to do a vast amount in directing greater attention to the important question of sanitation, and we believe the Health Record every success in its history.

OF KILMALLOCK.—In the autumn of 1888 a meeting of the Archaeological Society was held in Limerick, and before they met they appointed a committee to visit the ruins in the neighbourhood of Kilmallock. In pursuance of this committee recommended that a sum of £100 be expended upon repairing those parts of the superior skill of Mr Walsh, of Cork, and who at present resides in her-in-law, Mr Harris, Post Office, Limerick, the beautiful window, which was in danger of falling in, has now been repaired to its pristine grandeur, and is well worth seeing. Of late years the window was anything but a pleasing sight, the panes having been clumsily filled with putty, and all were in danger of falling. Now, however, all fears on this subject are removed, and the window is a joy to anyone interested in preserving the old from falling into decay. For the beauty and strength this window has been called, and the work reflects the credit on Mr Walsh.

feated by Mr Jenkins, who polled 998, or 90 less than his successful opponent. Mr Jenkins, however, continued his candidature up to the time of his death.

Mr Jenkins formerly commanded a steamer of the Limerick Steamship Company. The above may be of interest to those who may remember him or his first wife's family.

CORONER'S INQUEST.

Mr Coroner DeCourcy, with a jury, held an adjourned inquest at Barrington's hospital, yesterday touching the death of Matthew Hayes, a labourer aged 60 years, who resided at Pennywell, and who died in the Institution on the 6th inst. from the effects of an accident, the circumstances of which were set out in the evidence.

Edward Hayes, son of the deceased, identified the body as that of his father. On the 21st Feb. his father received some injuries, and on asking him at the hospital what had happened he stated that he was knocked down by a car in George street. He complained of his shoulder and chest having been hurt.

Mr Alexander W. Shaw, J.P., deposed that he recollected the 21st February, about half-past four o'clock he was standing outside Mrs O'Neill's establishment in George street, speaking to the Most Rev. Dr. Dwyer; he saw a man coming from the direction of Messrs M'Kerns' shop. The man was on the crossing, when he seemed to hesitate and then fell forward; witness could not see anything to cause him to fall; he saw an outside car, with a lady, Mrs Kennedy, on it, on the side next M'Kerns, the driver being on the other side; the horse was going very slowly, and when the car came opposite the man one of the wheels seemed to have slightly come in contact with him; the car was promptly pulled up, and the man was taken to M'Kerns' shop, and then to Barrington's Hospital; the driver, pulled up the car in a marvellous manner.

Mr R. Fogarty, C.E., deposed also to having seen the occurrence. The wheel had not passed over the man, but seemed to have stopped against his shoulder. The driver appeared to have done all in his power to save the man.

Some other witnesses were examined, and evidence as to the post mortem examination was given.

Dr Graham deposed that he made a post mortem examination of the body in conjunction with Dr Riordan, they found a contusion at the back of the man's neck, which was perceptible during his treatment; he suffered from a fatty heart and disease of the kidneys. They found a marked congestion at the back of the lungs, which they believed was sufficient to have caused his death, as he must have been a man in feeble state of health. The state of his heart would have accounted for his fall as described by Mr Shaw.

Dr Riordan concurred with the evidence of Dr Graham, and

The jury found a verdict to the effect that death resulted from congestion of the lungs and shock received on the 21st February by being knocked down by Mr Kennedy's car; that same was accidental, and that there was no blame to be attached to the driver of the car.

Mr Beauchamp, solicitor, appeared on behalf of Mr Kennedy, and Mr Enright, solicitor, on behalf of the next of kin of deceased.

League a formidable and useful organization over the country—they found there was no going into the coffers of the National League that from the county Limerick, at the last meeting of the National League in Dublin, a single pound or shilling was sent in for the maintenance of that organization. All over the county of Limerick they found the grants to evicted tenants had been discontinued, and therefore they found it necessary to come to this parish and ask them to join the National Federation (cheers).

The resolutions were adopted, and the meeting terminated.

At the Parnellite meeting, Mr Condon moved to the chair.

Mr John Condon proposed, and Mr Owen Mahan seconded a resolution forming a branch of the National League in Herbertstown, and inviting on the Nationalists of the parish to join Mr John McNerney. Chairman of the Board of Guardians, supported the resolution, and also Mr John McEnery, editor of the *Limerick Leader*.

It was passed unanimously.

Mr John Ryan then proposed the following: "That we hereby reiterate our confidence in Charles Stewart Parnell as the only able leader of the Irish people; and we call all true Irishmen to rally round the old which he alone can carry to victory."

Mr James Hourigan seconded the resolution which was spoken to by Mr M. J. Keatinge (Limerick), Mr John Moloney, and Mr M. O'H. L. (Limerick).

The proceedings having closed with a vote of thanks to the Chairman, two hundred men joined the newly-formed League.

The Parnellite deputation were welcomed on leaving, and on their journey to town.

NEWCASTLE WEST AND MR. PARNELL.

At the meeting of the Newcastle West branch of the National League on Sunday—Mr John M'Donnell, V.P., presiding—a resolution was proposed by Thomas Ambrose, P.L.G., dissolving the branch and affiliating themselves with the National Federation.

Mr James Crogan seconded the resolution. Mr John E. Ambrose as an amendment proposed that the matter be adjourned for two weeks, when the year of office of the League would expire.

Mr John Morrison seconded the amendment and on a poll being taken the original resolution was carried by 38 to 28.

The Parnellites then left in a body, and a majority formed themselves into a branch of the National Federation.

Subsequently a meeting of the Parnellite League was held, Mr John Ambrose presiding.

Mr E. Stanley proposed—"That steps be taken to carry on the Newcastle West branch of the Irish National League, and that the annual subscription be inaugurated, and each man joining called upon to pay the usual amount."

Mr John Morrison seconded the resolution which was passed.

Mr J. R. Mulcahy proposed—"That we propose to give Mr Parnell's leadership all the support possible to give in the present political situation, as we are of opinion he is the only leader of the Irish people to follow."

Mr Stanley seconded the resolution, and it was passed unanimously.

Some other business having been transacted the meeting adjourned.
