GOOD FRIDAY.—The bleak, variable weather which we have had for the past week showed very little improvement yesterday, but the holiday was nevertheless enjoyed in various ways, particularly by those whose business keeps them within doors from week's end to week's end.

THE LIMERICK HARRIERS.—This pack met on Thursday, at Roxborough. A deer was enlarged, which ran on to Bushy Island, Lickadoolin, Knockea, Cahirmurray, Bohermore, and Carrick-pardon, and into Inch-St-Laurence, where it was saved by the timely interference of Lieutenant Hargreaves, Mr Sheehy, Captain Edwards, and the Master. A second deer being let away at Luddon ran through Ballymacreeve, and crossing over Boolinabrague and Ballybricken, met its death by drowning at Longford Bridge. The two runs were about 14 miles.

PRINTING AND LITHOGRAPHY.—We have seen copy of the circular printed by Messrs Guy & Co. for Messrs John M'Binney & Co, in connection with their grand anniversary display of drapery and fancy goods. As a sample of local workmanship it reflects the highest credit on Messrs Guy & Co's establishment. Nothing is wanting to make it at once artistic and attractive. The cover, which is printed on glazed paper, shows a fine block cutting of Messrs M'Binney's concerns, and at the top of a pretty border are the wolf-dog, harp, and tower. The circular is excellently printed, and leaves no room for complaint.

MINISTER CHALLENGE CUP COMPETITION.

THE FINAL TIE.

GARRYOWEN V. COLLEGE.

Yesterday in the Cork Park the final cup tie match was decided. The weather was exceedingly disagreeable and the ground may be said to have been the same. The game was two forty's. The kick of foot played at 2.15. The match was well contested, but taking it all and all (says the Examiner) the Garryowen were much the better team. Their passing was really most scientific; there were scarcely three muffs in the whole of their play. In the scrummages they were much superior to the College, in fact they were greatly ahead of the College in everything, with the exception of their place-kicking, which was wretched.

The teams were composed as follows:—Garryowen—Full, O'Sullivan; halves, MacMahon, Peel, and J O'Connor; quarters, Stapleton and Swaine; forwards, Macadley (captain), Norbury, Ross, M O'Connor, Hartney, Kelly, M'Mahon, Collopy, and Fogarty; Umpire, Mr F P Hook.

College—Full, Potter; halves, Dea, Kilroy, and Aherne; quarters, Clarke and Forde; forwards, Nash, McCay, Boyle, Aherna, Cantillon, M'Math, Sandiford, Patterson, and Boyd. Umpire, Dr Meade. Referee, Mr Forrest.

College winning the toss, elected to play with the wind to their backs. Macaulay started on behalf of Garryowen, and kicked to Patterson, who played it into touch at the half. From the throw-out Clarke got possession, and it was brought to the 25 by a rush. Here a series of scrummages resulted, which lasted for some time, the Garryowen getting through every time. When at the half Stapleton brought it to the quarter line, but Potter relieved by kicking to the half, where Nash got a free for off side. From the kick Stapleton got possession and rushed it to College territory. College relieved by a fine dribble and brought it into Limerick ground where O'Sullivan picked up rather smartly and passed to O'Connor, who kicked to Aherna. Aherna brought the ball down, but he was relieved of it by O'Connor, who punted into touch. After the throw out play was shifted to the Garryowen quarter line, where a few Collegemen did not behave over well—in fact, they appeared to be rather quarrelsome—however, Ross got off and carried the ball to the half line where he was brought down by Nash, and this was followed by a fine rush, but O'Sullivan saved finely, and picked up from between their legs and dropped to Forde, who ran off but was forced into touch. M'Cay obtaining a free put the ball well into Garryowen ground, here O'Connor picked up and punted into touch. After the throw out the ball was kicked about pretty freely. At last Peel getting possession brought it to near the College quarter line. Here some scrummaging ensued. O'Connor picking up, passed beautifully to Peel, who ran inside the end line and touched down. Ross tried the kick, but owing to the position in which the oval had been placed he failed. Indeed his kick was not at all good. Nash restarted, and a scrumming shortly afterwards ensued, and Forde getting the leather out of it rushed down to within a few yards of the goal line, the ball being screwed to the quarter line, and kicked by Ross into touch. A short time after Peel got the oval and passed to Ross, who sent it on to O'Connor, who got inside in fine form. Ross again took the kick and failed. Sandiford kicked out to Stapleton, who kicked into touch. After half time an exciting piece of play followed, and the ball was driven across the field and sent into touch, just a few inches from the half flag, from whence it was driven to the quarter line, where it remained for a considerable time. As last Collopy picked it up, and passed to Peel, who passed to Connors, who almost got in. After the scrummage M'Cay and some others got the leather and dribbled to the half. From here M'Cay again dribbled down, but he met with a slight check and lost possession. Kilroy picked up and tried a shot for goal. Aherna, picking up, got in amidst great cheering. Aherna kicked. Peel kicked out, and sent it into touch at the half. From the throw out Kilroy got the leather, but he was immediately brought down by O'Connor, who took up the ball and sent it on to Ross, who passed to Stapleton, who was followed by Sandiford. Play was removed to the Garryowen territory, where T. Aherna picked up and ran in Sandiford took the kick, and it was going straight in, but Collopy reached up, and drove it out. Half-time. Nash restarted hostilities, and drove it to Macaulay, who brought the ball to the quarter line, and it was screwed across. Macaulay picking up ran in grand style. Ross took the kick in hand but failed dismally.

Sandiford kicked out. After a short time Kelly got the ball and transferred it to O'Connor, who gave it to Ross. Ross handed it over to Fogarty, who succeeded in bringing it to the quarter line. Here Norbury picked and passed to O'Connor, who brought it to near the goal-posts. It was driven up some yards, but Peel getting possession, passed to O'Connor, who almost got in. M'Cay saved well and punted up, the College forwards, pressing closely on the ball. At the half Forde picked and passed, but Peel intercepted and sent it on to Norbury. Stapleton next got possession and very nearly scored. Play was in the College territory for some time, but at last it was shifted to the quarter line, where the play was exceedingly fierce. Forde picked up and brought it to the half, where he was brought down by O'Connor, who relieved him of the ball and brought it down to the quarter. Stapleton then got it and transferred it to Peel, who made a magnificent run in and touched it down outside the rope, which was disallowed, much to the dissatisfaction of the footballers.

After the kick-out an amount of play came off in the College territory, and after a while it was brought to the neutral line, and from that to the visitors' ground and driven back again to College territory, where O'Sullivan got in. The kick for goal was missed. The play then this is the
