LIMERICK CHRONICLE
 [ESTABLISHED 1766.]

FRIDAY EVENING, APRIL 18, 1891

ability of using our available local every possible way has for some been before the public. Some few to the best of our recollection, a took place at the Corporation relating of a contract for stones for its. A deputation from the Trades then attended and he giving of the contract to a which would mean a considerable of industries all round, and money to other parts would be expended usly in the neighbourhood. An expressed on that occasion that nestone was not as durable as that elsewhere, and this being stated on i to be good authority, the matter ntly allowed to rest for some time. itime a meeting of the Limerick he Industrial League was held, and of paving setts being under con- b was thought that some of the ight employ their time usefully in whether some suitable stone might d within a reasonable distance of Mr Alexander W. Shaw took the and, and having discovered an un- rry at Ballysheedy, submitted some to Professor Tichborne, whose asked as to the suitability of the paving setts. The report

this Bill, he joined in a combination with Liberals and Radicals below the gangway (derisive Nationalist cheers), and above the gangway to do by stealth and by disguised methods what the hon. member and his leader had not the courage to do by their votes, and which they knew perfectly well their constituents would not allow them to do? (oh! oh!). Now, he wished to say why he supported it, and was not afraid to support the second reading of this Bill. He did not sneak out of the House to avoid expressing an opinion—"aye" or "no." He did not run away, like the member for Longford. Such passages at arms as these are becoming usual in Parliament, and show the extraordinary personal hatred which the two rival champions would have people believe is high-souled patriotism and love for their common country.

The Limerick Harriers (Mr T. Cooney's) are to meet at Raheen Chapel, Ballinacurra, on Monday, at one o'clock, for a drag hunt, which will be the last run of the season.

Captain Chichester, 2nd Bat. Worcestershire Regiment, which is about to move from this garrison to the Curragh, has been selected for the adjutancy of the 3rd Bat. Worcestershire Regiment.

RAID FOR ARMS.—Early on Friday morning a force of police, in charge of District Inspector Lyons, of Kildysart, proceeded to Burrenfoffa, a distance of about five miles from Kildysart, in search of arms. After making an unsuccessful search in two houses, the force returned to the Kildysart police barracks.

CORONER'S INQUEST.—An inquest was held today at the Workhouse by Dr Cleary and a jury, on the body of an infant, which was found on the roadside at Ballinacurra, by Sergeant Keating, a few days ago. Drs O'Brien and Humphreys, who made a post mortem examination of the body, were examined, but as the child must have succumbed a few minutes after birth, they were unable to say whether the fracture on the skull was caused before or after death. The jury returned an open verdict. Sergeant Keating was present on behalf of the police.
