District Prison, rendered vacant by the lamented  
 death of Mr J. E. Gilder, which occurred about  
 a month since. Mr McGann, chief warder, is dis-

Last week a feast and Christmas tree was given  
 to about 20 children in the Scuriff workhouse,  
 county Clare, by Mrs Hebbert and Miss Mora-  
 land. After the toys were distributed Mr Hebbert  
 kindly exhibited a magic lantern, which was  
 much appreciated both by the children and  
 others.

**FISHING**—Bod fishing, which opened on the  
 1st of February, has not, so far, been worth  
 much notice. The river, from Plassy down, is  
 swollen by the recent heavy rains, and in fact  
 "wind and weather" militates a great deal  
 against the angler at the present moment. A  
 few fish have, however, been taken near Limerick.  
 From the Fergus we have a similar report as re-  
 gards the high state of the river. Mr Frank W  
 Crowe, of Cahircalla, landed, the other day, a nice  
 fish of 11 lbs.

**DISTINGUISHED SUCCESS OF A YOUNG LIMERICK  
 GENTLEMAN.**—We are glad to learn that Mr F E  
 Kearney, solicitor, son of Mr Francis Kearney,  
 solicitor, George street, has most creditably  
 passed the examination for the degree  
 LL.D. (Doctor of Laws) of the University of  
 Dublin. The examination was one of great  
 difficulty. A large number of candidates pre-  
 sented themselves, and Mr Kearney was, we  
 believe, the only one who succeeded. We con-  
 gratulate Mr Kearney on the high and honour-  
 able degree he has so meritoriously obtained.

**DEATH OF MR. ROBERT M. HUNT, J.P.**—We  
 regret very much to record the unexpected demise  
 of a highly-respected county gentleman, Mr  
 Robert M. Hunt, J.P., of Inchrouke, Askeaton.  
 He had suffered from influenza, and having gone  
 out too soon a relapse set in, and Mr Hunt passed  
 away on yesterday at the premature age of 49  
 years. The sad news came as a shock upon Mr  
 Hunt's numerous friends in the county and city  
 of Limerick, and deep sympathy is expressed  
 with his family in their bereavement. The fune-  
 ral will leave for Askeaton at twelve o'clock to-  
 morrow (Wednesday).

**COURT OF APPEAL.**

**FITZMAURICE V. JORDAN.**

**JUDGMENT.**

This was an appeal by defendants against a  
 decision of the Queen's Bench Division, refusing  
 defendants' application for a new trial. The  
 plaintiff is the owner of a ship called the Volante,  
 which brought a cargo of metal pipes from New-  
 port to Limerick, for the New Water Works.  
 The defendants are iron founders in Newport,  
 from whom plaintiff sought to recover £100 for  
 demurrage. That amount the defendants paid  
 into court, at the same time putting in a counter  
 claim of £1,000, in respect of alleged negligence  
 on the part of the plaintiff, the pipes having  
 suffered at sea in a gale. The counter claim was  
 tried before the Lord Chief Baron and a special  
 jury, in November, 1890, and the trial resulted in  
 a verdict for the plaintiff.

The Appeal Court to-day ordered a new trial,  
 the costs to abide final result.

Serjeant Hemphill, Mr Carson, Q.C. and Mr S  
 Browne (instructed by Messrs Hamilton and  
 Craig) appeared for the appellants. The Soli-  
 citor-General, The MacDermott, Q.C. and Mr M  
 J Dunn (instructed by Mr S Hastings) appeared  
 for the plaintiff, Mr Fitzmaurice.

**THE PROPOSED NEW RESIDENCE FOR THE  
 SUPERINTENDENT.**

A letter was received from the Board  
 stating—With reference to the r

 £1,000 to build a residence for the  
 Superintendent of the Asylum, I am d

 the Asylum, the Board of Control wou  
 to learn if any, and if so, what extent is  
 to be given as a site for the propo ed resi  
 if a corresponding quantity of land at le  
 acquired and added to the Institution.

Alderman Riordan—You cannot take  
 unless you are prepared to add.

Mr Barry said it was a very import  
 tion, and something of the kind was  
 Kilkenny. It was said there must be  
 of an acre to every patient, and the wh  
 resigned in Kilkenny sooner than tax  
 payers to that extent.

Mr Hunt—How many acres have  
 gotten here?

Dr O'Neill said, about forty. He did  
 it was possible to get additional land u  
 tunnelled under the railway.

A Governor said that that would or

Dr O'Neill read his reply to the

 proposed to build a new residence on t  
 ground at the north end of the A  
 facing Mulgrave street. It would be  
 cult to obtain a corresponding piece of

Mr Hunt proposed that a plan of the

 certain suggestions were made with
