

a quarter of a century it was hard to blame them for looking for something in the shape of principal or interest. He had met those gentlemen over and over again, and fairer man he could not find, and if their line should not be passed with this time it was probable that its market value ten years hence would be £40,000 or £50,000 more. He thought that the Midland Company had made an excellent bargain.

Captain Percy Bernard, D.L., said the chairman should take him as protesting against the resolution and dissenting from it, but he would not detain the meeting by making any remarks.

The Chairman then put the resolution, and all voted in favour of it, except Captain Bernard and Mr O'Connor.

A poll was demanded and taken, with the following result—

|                    |     |     |       |
|--------------------|-----|-----|-------|
| For the resolution | ... | ... | 1,294 |
| Against            | ... | ... | 119   |
| Majority           |     |     | 1,184 |

The Chairman declared the resolution carried. On the motion of Captain Bernard, a vote of thanks was passed to the chairman, and the proceedings terminated.
