The Daily News of this morning contains some very interesting tales of the King of Denmark. Once the King did some shopping in Hamburg; he informed the shopkeeper that he had no money to pay for his purchases, and the shopkeeper was rather embarrassed. Was he, indeed? Once the King omitted to pay a fee to the attendant of a cloak-room, "who modestly reminded him" of the fact. Wunderschon! Once he sat in a modest seat of a crowded restaurant, and said he felt quite comfortable. Truly an astonishing story!
