udence and impertinence pursued by the  
Federationist leaders towards Alderman  
RIORDAN, Mr. DONNELLY, and those of our  
fellow-citizens who believe in the policy of  
Independence. When Mr. DONNELLY  
stigmatised Mr. BEGLEY's uncalled-for and  
untruthful accusation as a lie, the injured  
innocence of Mr. BEGLEY took deep um-  
brage, and he attempted to draw the red-  
herring across his own conduct by charg-  
ing that he had been called a "liar." It  
was a clumsy method of striving to get  
clear of the mire into which his language  
had drawn the Court. It certainly has not  
won the mind of the public to believe in  
Mr. BEGLEY's declarations.

The Limerick Trades' and Labour Council is  
to be congratulated on having scored a victory at  
the Board of Guardians to-day, one of the two  
candidates nominated by the Council being  
elected to the position of master tailor of the  
workhouse. The other candidate went to the  
final poll with his fellow trade-unionist.

The Local Government Board, through their  
engineering inspector, Mr Cotton, has granted  
the application of the Limerick Corporation for a  
loan of £1,100 to build the so-called artizans'  
dwellings. If the class of structures which it is  
proposed to build was made patent to the board,  
we feel assured, with all its faults, it would not  
tolerate public money to be spent on fabrics that  
would be a discredit to even fifteenth century  
gross.

We regret to announce the death at Tough  
Villa, Adare, on 27th October, of Robert, third  
son of R. P. Maume, Esq. He was fourteen  
years in the employment of the Munster and  
Leinster Bank, and at the time of his death was  
accountant in the Kilmallock branch. Mr  
Maume, senr., has received communications from  
the heads of the bank expressing their deep re-  
gret at the early death of his son, and their high  
opinion of Mr Maume's ability, honor, and in-  
tegrity.

An important appointment has just been filled  
by the Waterworks Committee of the Limerick  
Corporation. We read with some misgiving that  
the result of their deliberations yesterday was the  
appointment of a caretaker for Newcastle reservoir  
at the heavy salary of five shillings per week.  
This was the lowest offer from four candidates.  
No doubt the person so helped on to the high  
road to fortune, at the progressive rate of five  
shillings per week, will have a house in which to
