at Greenock factory owing to souring because of the dirty vessels used by the servant; he didn't dismiss her, but said he would charge her for the returned milk which had lost sale because of her negligence.

His Worship gave a decree for £1 6s 8d due to the defendant for the time she spent in the employment, with the ordinary costs of court.

Mr Hastings, seer, appeared for the defence.

Mr J P Hall, solicitor, prosecuted John Moloney on behalf of the Limerick Board of Guardians for refusing to take his children out of the workhouse and maintain them.

Mr O'Brien, Ratering Officer, gave evidence of the indifferent conduct of the accused. He was a baker by trade and could get employment in the city if he availed of it.

Mr Hall said the prosecution was ordered by the Local Government Board, and urged that the defendant be committed to gaol.

A month's imprisonment was imposed.

Christopher Hammond, and Denis Carr, were prosecuted by Constable Donoghue, Cahirdaven, for the larceny of fruit from the garden of Mr Pinch, at Little Kilrush, and the larceny of a goose belonging to it was supposed, to Mrs McNamara, Farranshane.

Mr J P Hall, solicitor, appeared for Carr.

Evidence was given of the fruit being found in the custody of the accused, but the Constable could not say who had the goose, there being a number of lads connected with the larceny, but ran away when the police appeared.

Mr Hall admitted that Carr got the fruit from the other boys, but did not go into the garden, and he had nothing to say to the goose.

Hammond also admitted having got the fruit, but denied all about the goose.

Constable Donoghue complained of the repeated larcenies in the district for the last three months.

Patrick Linnane, gardener to Mr Fench, gave evidence of the larceny of some plums from the garden, but he could not prove the apples.

Mrs Anne McNamara deposed to a goose having been taken from her, but she could not identify the dead goose in court.

Carr was fined five shillings, and cost of court, and the other prisoner ten shillings and costs.

Sergt Keating, Ballinacurra, charged Michael Rourke with assault. The accused was let off with a caution.

John Murphy, charged by Sergeant Keating with drunkenness on last Sunday, was fined 2s 6d and costs.

The accused urged time for the payment of the fine, but on being opposed by the sergeant, drew a couple of shillings from his pocket to satisfy the debt.

On the application of Mr S McAdam, Patrick Lysaght, a local bailiff employed as a caretaker by him at Bodyske, was remanded on bail, for receiving 5s from Mr McAdam under false pretences.

CATCH CROPS AND FODDER SUPPLY.
TO THE EDITOR OF THE LIMERICK CHRONICLE.
Sir.—The Board of Agriculture has issued a circular in which is recommended the growing of rye for Spring feeding. The information, although on the whole very valuable, is in some respects misleading, and may lead to serious consequences. I therefore write for the benefit of your readers. Common rye contains ergot of rye, and is dangerous for breeding cattle. I would be glad to advise anyone as to the proper kind of rye to use, and which may be sown during the next two months, and would be fit for use about April 10. If left ripen it would come in very early, and could be followed by evergreen. The Board of Agriculture advises the planting of thousand-headed kale where the plants could be procured. I find, however, that evergreen is a great improvement on it.

Yours &c,

THE SUSPICIOUS DEATH OF AN OFFICER.
The date of Mr Monson's removal from Inverary to Greenock gaol is uncertain. He will travel by the Lord of the Isles steamer, and will probably be tried at Edinburgh a month hence. This will be his earliest appearance before a public court.

A later telegram states—Monson left Inverary at half-past two this afternoon. He will be landed at Gourock, near Greenock, to avoid a crowd.

SAD DEATH OF A WOMAN IN THE CITY.
ANOTHER SUPPOSED SUICIDE.
The body of a woman identified as that of Mary Anne Kennedy, residing in Hall's lane, off Edward-street, was found in the river near the Shannon Rowing Club slip this morning. It is unknown how the unfortunate woman got into the river, but circumstances lead to the conclusion that she committed suicide, as she had, according to the evidence at the inquest displayed symptoms of insanity, and had previously attempted to take her own life.

THE INQUEST.
An inquest was held this evening on the body by Mr Coroner DeCoursey and a jury, of which Mr John Smith, Patrick street, was foreman. Acting Sergeant Spillane, Dock station, conducted the case for the Constabulary.

Mrs Kennedy identified the body as that of her daughter, Mary Anne Kennedy, who was about 38 years of age and mother of 7 children; witness has never deceased last night at the corner of Carey's Road, her mother stating that she was going for a stamp and some envelopes; within the last few weeks deceased had been strange in her manner, and on last Tuesday week she threatened to cut her son's head off; she took up a knife and drew it across his neck, scratching him in two places; when coming from Glasgow, where the family had previously resided, deceased said she would give her body to the Shannon, and she had used similar threats on another occasion; three years ago she attempted suicide by throwing herself into the Firth of North Canal, and she was going down for the last time when a young druggist rescued her; a doctor in Glasgow had certified that deceased was insane; witness's father was a shoemaker, and had gone back to Glasgow to prepare a house for them, as they intended to go back.

Maurice O'Connor gave evidence of having found the body at the slip near the Shannon Rowing Club boat house this morning at seven o'clock.

Dr Shanahan said he had made a superficial examination of the body, and external appearances showed that death resulted from drowning. There were no external marks of violence.

The jury returned a verdict that deceased was found drowned.
