

the use of music upon elephants, but is different; and we hope soon the County Councils, in their laudable attempt to encourage technical education, and singing-classes for milkmaids.

THE RED MAN.

is (says the *New York Tribune*) keep and ghost dances, which come early with the summer solstice, and of their savage and self-torturing way mutilate their persons and hang up by thongs inserted through their arms and shoulders, and in all and continue the savage practices among them when the white man first observations of them four centuries of course, is not true of all of them. That of certain tribes have developed amount of civilization and wear an its raiment, own real estate and maintain schoolhouses; but it is still good many of them, showing that the civilization most useful to them to learn, and likely to re- until they reach the happy lands, where the white man intrudes are jerked buffalo blueberries and wild another Indian always at hand con- scapling, are fixed and invariable. The red man has cost a good deal in ns and absorbed a good deal of neither of which has turned out a tment. He has also been perishing ath for a good while, but there is incomplete and dilatory in his perish- e continues to hang round in an during manner, drawing rations and paint when there is no war for him to and hungering for scalps when all the rop has long since been harvested. thing is said in his favour that can be et remains that he is a mahogany- bus, useful only to enrich contractors aders and excite the imagination of St Louis with the prospect of draw- central agency of his supplies from While he remains he must, of course, d; but it is not necessary to admire rate not till he changes some of his

that the statesman or politician, as n the ordinary man, is supposed to character in his collars? We are all h Mr Gladstone's choker, and Lord collar, though it lends itself less to rist, is also being forced upon our same tendency is noticed in France, iimir-Perier's turned-down collar has me popular in place of the stiff all- y adopted by M Carnot. After all, s must have had some reason when a collar the distinctive badge of a er.

daughter.
