SIR—I am instructed by the Limerick Directors  
of the above company, to inform you that they  
have decided to call a general meeting of the  
subscribers for the purpose of considering what  
action shall be taken to safeguard the interests  
of the shareholders, in view of the fact that,  
although in the opinion of counsel there has been  
no valid allotment, monies belonging to the  
subscribers have been garnished at the company's  
bankers. The Limerick directors have been  
informed by one of the London directors that the  
London directors have ceased to meet, and, as far  
as it seems to the Limerick directors, are abso-  
lutely indifferent to the interests of the subscribers.  
The meeting will be held at the Company's Office  
here on Tuesday, 31st December, 1895, at 12  
o'clock noon. Your attendance is specially re-  
quested."

### SAD FATAL ACCIDENT AT KNOCKLONG.

Our Kilmallock correspondent writes that a  
very sad accident occurred at Knocklong Railway  
Station on Monday, by which a railway porter's  
wife named Coulter met with a shocking death.  
It appears that in the afternoon a man in the  
employment of Lord Fermoy was loading his cart  
at the store when the train steamed into the  
station. The horse became restive and dashed off,  
and as he got out on the main road from the  
railway premises the deceased was crossing from  
the railway station to her residence on the other  
side of the road with some new milk, when the  
frightened animal met her at the gate and the  
cart striking her, death was almost instanta-  
neous. The accident is regarded as the most  
painful that has occurred in the locality for a long  
time. Deceased leaves her husband and two  
young children to mourn her loss. The man in  
charge of the horse has been arrested.

### MALICIOUS BURNINGS NEAR NEW- CASTLE WEST.

A public meeting of the inhabitants of New-  
castle West was held on Tuesday last, to condemn  
two malicious cases of incendiarism which took  
place almost simultaneously on Saturday morn-  
ing, namely, the burning of Gortboy Cottage,  
the property of Mr Simon O'Regan, and a rick  
of hay belonging to Mr John Moore. Dean  
Hammond presided and a resolution was un-  
animously passed condemning the wanton de-  
struction of property above mentioned, and  
offering a reward of £25 for information leading  
to the conviction of the perpetrators of the  
outrage.

### THE ACTION BY A GALWAY PRIEST.

The trial of the remarkable action brought by  
Father Coyne, P. P. of Killannin, county Galway,  
against District Inspector Tweedy, of the Royal  
Irish Constabulary, for assault committed on the  
occasion of the removal of the plaintiff from the  
disputed church, resulted yesterday in a verdict  
for the defendant.

The creditors of Sir Maurice Duff Gordon,  
Bart, met in London yesterday and adjourned,  
a medical certificate being produced to the effect  
that the debtor was suffering from a serious  
mental complaint, and was not responsible for his  
actions.

worship's attention to a circular which he had  
received from the petty sessions authorities in  
which it was stated that the court could not be  
adjourned for longer than a week.

Mr O'Grady said he did not think the circular  
intended to apply in such circumstances as the  
present, and accordingly he would adjourn the  
court till this day fortnight.

### OCCASIONAL LICENSES.

In reply to his Wor-ship,  
Mr Hobson said that there had been no appli-  
cation made for occasional licenses for the races  
on St Stephen's Day.

Mr O'Grady said he would make an order that  
licenses might be granted to the extent of eight,  
that being the number usually permitted.

Mr Hetreed, D I, asked his Worship to name  
the hours at which the tent-holders would be  
allowed to sell, and accordingly it was arranged  
that the hours should be from 10 to 4.

### ALLEGED INFANTICIDE.

Mary O'Connor, a servant, was brought up on  
remand on the charge of infanticide.

Mr Hetreed said he had not been able to have  
the depositions completed, and he would ask for a  
further remand for eight days.

The application was granted.  
The court then adjourned.

### £1,200 DAMAGES FOR AN INJURED LABOURER.

At the Birmingham Assizes yesterday, Abra-  
ham Whitehouse, labourer, of West Bromwich,  
obtained a verdict for twelve hundred pounds  
damages in an action against the London and  
North Western Railway Company for injuries  
caused by alleged negligence. Plaintiff, a  
married man, aged 23, was unloading some trucks  
at a local station when he was thrown under the  
wheels by some other trucks being suddenly  
shunted against those on which he was working.  
Both legs were injured, and one of them had to  
be amputated. The verdict was two hundred in  
excess of the sum claimed, but the judge gave  
leave to amend.

### GOVERNMENT AND AGRICULTURAL DE- PRESSION.

The Times hears from a well-informed corres-  
pondent that, having regard to the serious  
condition of the agricultural industry, the Go-  
vernment are considering whether it would be  
possible to facilitate the distribution of agricul-  
tural and other produce. It is thought that a  
discussion of questions relating to railway rates  
and charges at an informal conference between  
the President of the Board of Trade and the  
chairman of the leading railway companies might  
further this object. Accordingly, as a prelimi-  
nary step, the Times adds, the chairmen of the  
nine companies having their termini in London  
have been invited to confer with Mr Ritchie  
towards the end of next month.

Lord Salisbury went to London from Hatfield  
for the customary diplomatic receptions yester-  
day. Among his visitors at the Foreign Office  
were the German and Spanish Ambassadors and  
the Netherlands Minister. The Premier re-  
turned to Hatfield in the evening.

DESPERATE ENCOUNTER WITH A MAD DOG IN  
KING'S COUNTY.—Yesterday morning a rural  
postman, named Thomas Hackett, was coming  
down an avenue of Bellair House, residence of  
Mr Wm B Homan Mulock, High Sheriff of the  
King's County, when a collie dog attacked him  
with great fierceness. The man defended him-  
self as best he could, and in the struggle had his  
waterproof coat torn off by the infuriated animal.  
Luckily just as he had become exhausted, Mr  
Mulock came on the scene with a fowling piece,  
and seeing the gravity of the situation, shot the  
dog immediately.
