ACTION AGAINST THE ENNIS TOWN COMMISSIONERS.

It is understood that the action at the suit of Captain C M Parkinson, J.P., Westbourne, against the Ennis Town Commissioners, in reference to the alleged nuisance caused by the manure depot, will come on for trial in Dublin to-morrow. The witnesses, of whom there are quite a number, left Ennis to-day.

ACCIDENTS.

A labourer named Martin Hassett was admitted into Barrington's Hospital last evening at 6 o'clock suffering from a fractured skull, he

having slipped on the pavement.

A young man named Patrick Nestor, of Thomondgate, was also treated in Barrington's Hospital yesterday afternoon. It appears that the injured man, who is employed at Messrs Stewart's biscuit factory, was working a dough machine when one of his hands got caught in some cog wheels and was hadly crushed. Only that the machine was quickly reversed by another employee the result would have been more serious.

FATAL BURNING ACCIDENT.

Mr DeCourcy, City Coroner, and a jury, held an inquest this evening at four o'clock, on the body of Maurice Fitzgerald, aged 18, who died at Barrington's Hospital last evening, from injuries received from burning at the Limerick Terminus on the 25th of last month. Sergeant Lloyd conducted the proceedings on behalf of the police. It appeared from the evidence that on the evening in question the accused, who was employed by the Waterford and Limerick Railway Company, was standing with his back to the fire in the lamp room, and his apron, which was saturated with oil, caught fire. The boy rushed on to the platform all ablaze. Mr J J Scully, an official of the company, and James Rochfort, railway policeman, immediately en-deavoured to extinguish the flames by wrapping their coats round him, but did not succeed until the deceased was terribly burned about the legs and body. He was at once taken to Barrington's Hospital, where he succumbed to his injuries about five o'clock last night.

The jury returned a verdict that the boy died from injuries received from burning, the same

being accidental.
