## LIMERICK CHRONICLE

[ESTABLISHED 1766.]

URSDAY EVENING, MAY 7, 1886.

some time past attention has been  
ed to the manner in which members of  
s of Guardians generally discharge the  
s and important duties they have taken  
themselves. On the last occasion on  
it was our duty to refer to our local  
l, very grave irregularities were under  
eration, and the members present ap-  
l to be anxious to put an end to mis-  
gement. Not only that, but many seemed  
to admit that they had not discharged  
duties in the past as efficiently as might  
been expected, and there appeared to be  
ses of amendment in the future. As if  
press their duties upon them more forcibly  
er was read from the Local Government  
at the meeting held on Wednesday

The letter concluded with reminding  
guardians that, as trustees for the rate-  
s, they are bound to see that the affairs  
e Union and of the Workhouse are  
ntly administered by the officers whom  
ave appointed, and that in the discharge  
duty they should not permit personal  
erations to influence them either in  
ng incompetent persons for such posts or  
ng them when appointed. Unless the  
ians are prepared to act in this manner it  
vitable that the interests of the rate-  
s must seriously suffer." From  
discussion of this letter the Board im-  
tely passed to the appointment of keeper  
padper lunatics within the walls of the

Not only were the interests of the  
ayers to be considered in this, as on all  
ons, but here was a case where the  
sts of the most unfortunate and helpless  
of inmates should be specially taken  
of. These lunatic paupers are entirely in  
ands of those placed over them, and no  
is previous experience so necessary,

being tempted to give up that character and  
classify themselves as certified schools, and  
therefore, Mr Balfour said "the Government  
had thought it right so to fix the amount of  
the registration fee that, while it would be of  
substantial assistance to the certified schools,  
it would not induce the national schools to  
cease to belong to their present class. The  
proposal is an effort to settle a "burning  
question," and it remains to be seen how far  
it will be regarded as a satisfactory solution.

An Australian paper announces that the Rev  
Father Conway who, up to some eight or ten  
years ago, was Administrator of St Michael's R C  
Church in this City, and who then went abroad,  
has been appointed Parish Priest at Concord,  
Burwood, by his Eminence, Cardinal Moran.  
Previous to this, Father Conway had been Ad-  
ministrator of St Francis, Haymarket, in that  
country.

**THE RAILWAYMEN.**—A meeting of the railway-  
men is to be held in the Town Hall on to-  
morrow (Friday) evening, and will be  
addressed by Mr Hafford, General Secretary to  
the Railwaymen's Union of the United Kingdom,  
and Mr P J Tevenan, the Irish organiser.

**THE BISHOP OF CASHEL.**—The Lord Bishop of  
Cashel left the Palace, Waterford, on Tuesday to  
sojourn in Bournemouth for a few weeks to  
recruit his health. On his return his Lordship  
intends holding ordinations and a Confirmation  
tour in the diocese of Cashel and Emly, Water-  
ford and Lismore during the year.

**DEATH OF A POLICE SERGEANT.**—We regret to  
observe the announcement of the death of Ser-  
geant John M'Hugh, R I C, Limerick City, which  
occurred on the 5th instant at Merview, Queens-  
town, the residence of his father, where he had  
been staying for the benefit of his health. The  
deceased, who was a very efficient policeman, was  
for some time an Inspector under the Weights  
and Measures and Food and Drugs Acts, and had  
been one of the successful candidates on the "P"  
Lists. He made many friends for himself in this  
city, and they deeply regret his premature  
demise.
