### THE LIMERICK REGATTA.

The arrangements in connection with the  
Limerick Regatta, which takes place on the 16th  
July, are proceeding satisfactorily, and it is grati-  
fying to state that a good deal of subscriptions  
are coming in. Everything points to a most  
interesting day's sport. Communications have  
already been received from Cork and Waterford  
stating they will send crews, and it is also most  
likely that Dublin will, as at former regattas, be  
represented. The crews of the Limerick Boat  
Club and Shannon Rowing Club are training hard,  
and are showing very good form. The various  
challenge cups presented by the two latter clubs  
in former years are on view at Messrs Wallace's  
and Mr O'Donovan's establishments, George-  
str-st.
