CRICKETING is one of the healthiest exercises amongst our British sports, but it can only be excelled in by men possessed of a sound constitution. Even then care must be taken to keep up the strength and elasticity of the frame by a judicious course of training. The best aids in this direction are Holloway's Pills and Ointment. The former invigorates the system and purify the blood, whilst the latter strengthens the muscles, takes the stiffness from the joints, and is a certain cure for sprains, bruises, and contusions. Thousands of testimonials have been received from all parts of the world, giving evidence that these wonderful remedies will cure almost any complaint which affects humanity. Full instructions are given to each purchaser.

fourth place, and Miss M McCarthy in fifth place. The *Tablet*, commenting on the results of these examinations, says:—"The most astonishing success obtained by Catholics is, however, reserved to one of our convents, Laur Hill Convent, Limerick, which has amongst the Preliminaries three first class honours out of a total of nine obtained by 2,693 candidates; the places obtained were 1st, 4th, and 9th, and we cordially congratulate Miss A M Carr on being first on the whole list, and we would congratulate Madame Blackett on the extraordinary success of her pupils."

The following were the successful pupils in the various examinations:—
