MERCHANDISE MARKS BILL.
The Select Committee on Merchandise Marks
presented their report last night, which had been
carried by the casting vote of the chairman.
They say the Merchandise Marks Act has worked
beneficially, and suggest that, instead of "Made
in Germany" or in any other country, the words,
"made abroad" should be used. The minority
report against the Merchandise Marks Act as
having been very damaging to our transit trade
by disclosing trade secrets, while it advertises
foreign goods.
