THE PADDOCKS, TO-DAY.—Mr Wm B Fitt's
weekly auction of dairy stock and sheep was well
up to the season's supply—the quality much im-
proved upon the last day's entry. A strong and
firm demand for the best class of stock. Prices
well sustained and steady; they may be put down
as firm at current rates, and where anything ap-
proached a high class the bidding was quick and
strong. A large attendance. The sale may be
put down as a highly successful one. All cleared
with the exception of one or two heifers. Mr Chas
Maunsell, of Finnletterstown, Kilfinny, topped
the market with a beautiful lot of heifers, ex-
ceedingly well brought out with colour, size, and
feather. He got the best price of the season so
far at £19 5s 0d. This heifer was bought by Mr
