

worst. It has already been admitted that this cry of "famine" ed in a certain quarter in order get some money out of the Govt," as other people did. But such selfishness should not be permitted to go on. A thorough examination into the state of things by those to whom the government of the country is entrusted. It is to do to "pooh-pooh" the warnings of distress as the empty statements ofians in want of something to talk about, as may be used as a stalking horse, and this is, but it is not improbable that the fiction of a gigantic famine may have aatum of fact beneath it. Under these instances, we are glad to learn the Chief Secretary is about to make a tour through the southern districts of Ireland, in order to see myself the actual state of affairs and the effects for the coming winter. Mr Balfour ready made himself acquainted with the southern districts of Ireland, and has followed the footsteps of his brother, who undertook a tour through the very bleakest parts of the West to see what could be done for the people. It has been said over and again that the Irish difficulty is not so political as economical. At the present moment Ireland is politically stagnant, and it is satisfying to know that the Chief Secretary is making forward to ascertain the real facts in case, and supply a remedy wherever and whenever a remedy is needed. Law and order are maintained throughout Ireland, consequently there is now some chance that the voice of destitution, wherever it exists, will be heard, and that relief, if needed, will be forthcoming. It has been the aim of the Unionist party to maintain order, and to place within reach of the people the possibility of a decent livelihood. A great deal has yet to be done the way of developing the resources of the districts. That will come in time, but far as immediate needs are concerned, both the Lord Lieutenant and the Chief Secretary will make it their business to examine the outline for the coming winter, and will be prepared with measures of assistance where such is needed.

ST. MICHAEL'S R.C. CHURCH.

The feast of St Michael was celebrated at St Michael's Roman Catholic Church yesterday with due solemnity and in the presence of a very large congregation. His Lordship the Most Rev Dr O'Dwyer presided at High Mass, the Celebrant being Rev Fr Griffin, C.C., St John's; Deacon, Rev H O'Donnell, C.C., St John's; Sub-Deacon, Rev J Lee, C.C., St Michael's; Master of Ceremonies, Rev T Lee, Adm., St John's; assistant priest at the throne, Rev M O'Donnell, Adm., St Michael's. The sermon was preached by the Rev Wm O'Dwyer, St Munchin's College, who took his text from the Book of Daniel, chap. 12. The music of the day consisted of an entirely new Mass and Offertory composed specially for the celebration by the talented organist of St Michael's, Mr Augustine Fitzgerald. It is a very effective work throughout, powerful and expressive to a degree, and for beauty and colouring reflects the highest credit on the composer, who had the pleasure of seeing it most ably interpreted by the excellently balanced choir of the church. The first part of the music is as follows:
