### "LADY'S PICTORIAL."

To-day's issue of the *Lady's Pictorial* contains  
a photo of Her Majesty the Queen, taken at  
Windsor on the 30th June. There are some  
beautiful illustrations of the gowns worn at the  
Marchioness of Bute's silver wedding ball, and  
also of yachting and garden party dress. We may  
add that the *Pictorial* is of special local interest,  
to Clare readers particularly, inasmuch as the  
Irish letter contains a capital photo of Sir  
Frederick Cullinan, C.B., and Lady Cullinan.

### "SHANNON" CYCLES FOR INDIA.

Surgeon-Major Haines, of the Army Medical  
Staff, has entrusted to Messrs. Cole, Nelson and  
Co., of Patrick-street, the making of a "Shannon"  
machine for special use in India, where he  
intends going at an early date, and as a result of  
his previous experience of "Eleusa" tyres, has  
ordered that the machine be fitted with those  
tyres. It is pleasing to find local manufacture  
and enterprise commanding such popularity and  
confidence.

**SUDDEN DEATH.**—An inquest was held yester-  
day by Mr Corener DeCoursey, at 17 Charlotte  
Quay, touching the death of Thomas Brandon,  
35, a pig buyer, late of Bury-St-Edmunds, who  
died suddenly that morning. It appeared from  
the evidence of Mrs Mary Ryan that the de-  
ceased was her brother, and formerly resided in  
Limerick. He arrived on a visit to her on  
Thursday and then appeared in his usual health.  
Yesterday morning she heard a cry, and on going  
down stairs found her brother lying on the steps  
with his hands pressed to his chest. He seemed  
in great distress and she sent for a priest and  
doctor. When they arrived her brother was dead.  
Dr Holmes deposed that death was due to heart  
disease, and the jury returned a verdict accord-  
ingly.
