TO THE EDITOR OF THE "DAILY EXPRESS."

SIR—I am much obliged for your letter of 4th inst, and thank you for your willingness to place my views as to the effect of the proposals of the Shannon Electric Syndicate upon the fisheries before the public.

The details of these proposals have already been so often varied that there is at present nothing definite before us to deal with, beyond the fact that a very large portion of the volume of water in the Shannon is to be diverted from its channel.

As such a scheme must end in vexatious litigation, I do not think it is at present desirable to enter into a newspaper controversy with regard to it, especially as I do not act alone in the matter.

I may, however, be allowed to protest against the efforts of a few persons to create a property for themselves by what, in my opinion, must prove the abolition of the property of others.—I am, dear, sir, yours faithfully,

J A PLACE.

THE ATTEMPTED SUICIDE AT THE WORKHOUSE—FATAL RESULT.

To-day Dr Clery held an inquest at the Workhouse in connection with the death of Patrick Sheahan, 76 years, who on Tuesday week last inflicted severe wounds on his throat with a razor, from the effects of which he died yesterday. The deceased, who appeared to be of somewhat eccentric habits had been for some time past a patient in the general hospital. While sitting on his bed on the occasion mentioned he suddenly produced a razor and drew it across his throat, almost severing his windpipe. Aid was immediately rendered by Drs Nolan, Humphreys, and Brennan. Evidence having been given by the officials and medical officers, the jury returned a verdict that the deceased died from the effects of wounds inflicted by himself while in a state of temporary insanity. The officers were exonerated from any blame in connection with the occurrence.
