a portion of this money might have been use-
fully devoted to introducing the fish curing
merchants to the coopers trades of Cork and
Limerick. There are several firms in those
cities which would make the barrels if they
got the orders. The Congested Districts Board
could open up communications between the
coopers and the owners, and so give much
impetus to a languishing industry. Encour-
agement to home manufacture should be
endeavoured by public boards and private
individuals."

Messrs John Hayes, Patrick Kennedy, Patrick
Kavanagh, K W Switzer, are mentioned as can-
didates for the D-E Ward at the coming
municipal elections.

On each Thursday evening, at 7.30, to the end
of the year, a series of lectures "on the
Reformers" will be delivered in the Congregational
Church, Catherine street, by the Rev W Scott.
The lectures are open to the public.

At the Literary Class of the Protestant Young
Men's Association to-morrow evening short
papers, on various subjects will be read by
Messrs Smith, Legear, Trotter, Galbraith, Kelly,
and Toppin. A very interesting evening may be
anticipated.

THE CROWN REGIMENT—Second Lieutenant
Ernest Rae Jones, from the local military forces,
Canada, has been gazetted Second Lieutenant, in
succession to Lieutenant W Auchincloss, resign-

AUGUSTINIAN R C CHURCH.—The Advent
devotions will commence in the above Church,
on 11th Sunday, with "Quarant One," which will
be inaugurated by Solemn High Mass at 12
o'clock. In the evening, at 7 o'clock, and also on
every Sunday evening in Advent, a course of
special sermons will be delivered by the Very
Rev P J Glynn, O S A.

POLICE COURT—Mr E F Hickson, B M, attended
at the police court this morning. John Carley
was further remanded on the charge of having
deserted from the Royal Munster Fusiliers at
Tralee. Joseph McCarthy, a tramp blacksmith,
who was charged by Sergeant Quin with
drunkenness was discharged.

ACCIDENT—Yesterday evening a carrier named
Michael Kennedy, Cappamore, sustained some
serious injuries by falling from his cart near
Ballysimon on his return from Limerick. Sergeant
Greene, Ballysimon, had the man conveyed back
to Limerick and placed in the County Infirmary.
His wounds were attended to by Dr Kennedy
and he was detained.

WILD STRAWBERRIES IN NOVEMBER—Rev R
Miller, Roscrea, writes to a Dublin paper:—
"It may interest some of your readers to know
that, owing to the mildness of the season I found
some strawberries almost ripe in the hedgerows
near Ballyrooski on Saturday, while cycling
in the district. I may also mention that several
have made their appearance in the neighbour-
hood of Roscrea lately."

THE WEATHER—The sting of winter has been
pretty evident for the past few days. A sharp
spit of frost over-night, has, however, given way
to inclement weather. On Tuesday night there
was a perfect deluge of rain, accompanied by a
strong gale from the Westward, and rain has
continued to fall more or less intermittently since.
The Shannon presents a very swollen appearance
and a good deal of land are flooded. The weather
continues most severe.

MILK FACTORY DESTROYED.

Last evening, at an early hour, the Munster
(near Croom) branch factory of the Condensed
Milk Company of Ireland (Cleves Coop) was
discovered to be on fire. Owing to the inclemency
of the weather the fire in a short time made
rapid progress, and notwithstanding the efforts
of the officials, residents, and constabulary the
building and machinery were destroyed. The
factory was a well appointed one, and it was
recently equipped with a complete and up-to-date
plant. We trust the Messrs Cleve will see their
way to continue their useful work in the district,
as it was a great boon to the dairy industry, and
helped to give employment where it was needed
and appreciated. We understand the damage is
nearly covered by insurance.

CONCERT AND ENTERTAINMENT AT ST JOSEPH'S ORPHANAGE.

On Tuesday evening a concert and variety
entertainment was given in the hall of St
Joseph's Orphanage for the advantage of ticket
holders who were unable to obtain admission to
the concerts held in the Theatre Royal on last
Thursday and Friday nights. The hall was well
filled, and a very select programme was per-
formed, opening with a selection by the
Orphanage Band. The musical drill exercises
and step-dancing followed, and were capitally
executed. Mr D Tidmarsh sang "Will o' the
wisp" with his accustomed ability. Mr Enright
delighted the audience with banjo and mandolin
selections, and his imitative rendering of some
humorous songs. In the song "The Devout
Lover" Mr D O'Callaghan was heard with the
utmost pleasure, and was encored. The other
items were admirably rendered. The programme
concluded with the dramatic piece "King Cole" and
his trades" performed in the most creditable
manner by the boys. The string band of the
Cheshire Regiment, which attended by kind
permission of Colonel Currie and the officers,
contributed much to the success of the entertain-
ment. Mr Kendal Irwin played the accompaniment
in his usual perfect style.

IRISH INDUSTRIES ASSOCIATION.

The Limerick Branch of the Irish Industries
Association intends holding its annual exhibition
and sale of work on December 9th and 10th at the
Athenaeum. The exhibits will include wood-
carving, knitting, crochet, basket work, netting,
lace work, and various kinds of embroidery, and
prizes have been offered for competition in these
different branches. Most of the work has been
done in Limerick and its neighbourhood, but a few
other Irish industries are also represented. A
varied programme of vocal and instrumental
music is being arranged for the afternoon and
evenings, and the hon sec, Miss Grimes and Miss
Doyle, ably assisted by their committee, are
leaving nothing undone to insure a successful
exhibition. The opening ceremony will be per-
formed by the Countess of Mayo, vice-president
of the association.

THE CORPORATION.

A special meeting of the Corporation was
summoned for to-day, but as the necessary
quorum was not present at the roll call, twenty-
five minutes past twelve, no public business
could be transacted. There were present:—The
Mayor, Alderman Cleary, Mr S Tidmarsh,
Mr D Nelson, Mr Michael McDonnell,
Mr P O'Malley, Mr James Gaffney, Mr D Begley,
Mr Peter McGuire, with Mr W M Nolan, Town
Clerk; Mr John Dunpon, Law Adviser; Mr J
DeCourcy, Secretary Water Committee; and
Mr Corbett, C S.

The chief business on the agenda paper was
to elect three members on the General Committee
to be formed on behalf of the Corporation, the
Chamber of Commerce, the Harbour Board, and
the Traders' Association, in reference to the
proposed railway amalgamation. It was decided
to summon another meeting for Monday next.

FACTION FIGHT IN TIPPERARY.

On Tuesday seven men named James Collins,
Carrygill; Patrick Guineane, Mullkin; Wm
Ford, Carraghmore; James Corcoran, Carrygill;
Patrick Gleeson, Mount Island; James Rohan,
Tipperary; and John Ryan, Barnagore, north
with seriously injuring two men named Butler and

ACCIDENT ON THE GREAT
SOUTHERN LINE.

THE MAILS DELAYED.

Owing to floods a railway culvert near Lucan
burst this morning and blocked the Great
Southern and Western line from Dublin to the
Junction. The carriage was very large, and its
expansive character gave proof of the general
steepness in which the late Mr Cregan was held.
In consequence the mails did not arrive in Limerick until six o'clock this evening,
having been transferred to the Midland Great
Western line at Dublin, and sent thence via
Athlone and Limerick Junction. Goods, etc.,
for Dublin are being sent via Athlone and
Midland Great Western Railway.

ANOTHER TRADE DISPUTE IN
LIMERICK.

Yet another trade dispute has taken place in
the city. Yesterday the Cabinet makers employed
at Messrs Campion & Company refused to re-
sume work on the result of friction which for
some time past has existed between themselves
and the employers. It is stated on behalf of the
firm that some time ago the men having formed
a society refused to do piece work, and now work
so many hours per day at the rate of 30s a week.
Advanced wages were sought for a boy, and the
master being left in the hands of the foreman he
fixed the amount at 16s per week. The society
now require that 21s a week shall be paid the
boy, and the firm refused to give. On
Friday week the firm received an urgent
order in the undertaking department, but the
men refused to work overtime at it, or in other
words, after seven o'clock p m, the result being
that the order had to be delayed at considerable
inconvenience. Subsequently one of the foremen
was dismissed, and in consequence of this an
intimation was conveyed to the firm yesterday
morning through the post that the men would not
resume work. The strike effects eight or nine
hours, and there is no settlement up to this
evening. Should it continue, the firm will have
to send to England work which hitherto has been
done at home. The dispute does not affect the
other houses in the trade in the city.

THE LABOURERS ACT.

Our Glan correspondent writes:—A letter has

been received from the Local Government Board

by the Secretary of the Glan Land and Labour

League, which wrote respecting the building of

labourers' cottages in the divisions of Glan,

Flemore, Killumylan, and Kilfergan, the

habitants of which were asked for an expression

of opinion at the time of the passing of the Local

Government Bill as to whether they would wish

to be attached to Listowel Union or to the

Union of Rathkeale or Newcastle West.

The Local Government Board, it was understood,
proceeded to amalgamate the divisions

with the Newcastle West Union, but such

is not the case, as may be seen by

the following letter:—Local Government

Board for Ireland, Dublin, November 1893. Sir:

I am directed by the Local Government Board

for Ireland to acknowledge the receipt of your

letter of the 6th inst relative to the erection of

additional labourers' cottages in the Electoral

Divisions of Listowel Union situated in the

county of Limerick, and I am to state that it is

not intended to transfer these Divisions to

Newcastle West as you seem to suppose.

The Listowel Union will not be altered but portion

thereof comprised in the county of Limerick will

form a separate Rural District. I am, sir, your

obedient servant, H COURTRAY, for Assistant Secy.

The effect of this will be the alteration

of the arrangement made at to the number that

will comprise the County Council of Limerick,

BARONY OF UPPER CONNELLOR.

Tuesday, Mr D Atkinson, J P, presiding. The

croby Lower, on the night of Tuesday, the 1st
