

Mr. O'Brien (Abbey) said these reports should be sent to the Gas Office.

The Inspectors also reported the fire in a hay store at William street Barrack a few nights ago.

The Chairman supposed the police gave every assistance.

Inspector M'Namara—They did, sir.

Chairman—Have they recognised your services in any way?

Mr. O'Brien (Abbey)—Not at all.

NEW HATS WANTED.

An application was read from the older members of the Night Watch applying for new hats or helmets, stating that the present ones had been in use for four years.

Inspector M'Namara said the hats were in a terrible state.

Mr. O'Brien (Irishtown) moved that the application be granted.

Mr. Gough seconded the motion which was agreed to, and it was decided that the men be supplied with helmets, the same as the new members of the Night Patrol.

THE LIMERICK NIGHTWATCH CASE.

Mr. Dundon wrote with reference to the Night-watch case stated by Mr. Hickson, R.M., which is to be argued in Dublin. He stated that on the 19th February, 1885 there was a special meeting of the Watch Committee and its report read and adopted by Council. On the 19th and 20th February a public inquiry was held at the Court-house in reference to the Nightwatch and the transfer of its duties to the Royal Irish Constabulary, and the report of that inquiry was subsequently sent to the Corporation. He suggested that these reports should if possible be found and produced.

The Assistant Town Clerk said they would be produced.

Mr. Dundon wrote that if possible he would have the case listed for argument on the 15th instant.

NEW LAMPS.

It was decided to recommend to Council that a lamp be erected opposite Dean Gregg's house in Corbally.

An application was read from the secretary of the Gaelic League asking that a lamp be placed on the sidewalk at the Christian Brothers' Schools in Bridge-street, where the League holds its meetings.

Mr. O'Brien (Abbey) said a lamp was badly wanted in the passage, which was very dark.

On the motion of Mr. Prendergast, seconded by Mr. O'Brien, the application was recommended to Council.

CLEANSING AND REPAIRING COMMITTEE.

Mr. Kett presided, and the same members were present, with Mr. Michael Murphy.

A variety of business was transacted.
