BURNING ACCIDENTS IN THE CITY.

FATAL RESULT.

Quite a number of burning accidents have occurred in the city within the past two days—in one case with fatal results, and a second is also likely to terminate fatally. Timothy Ryan, seven years, was admitted to Barrington's Hospital on Tuesday suffering from burns caused by falling into the fire during the temporary absence of his mother from the house. The boy succumbed to his injuries yesterday morning, and the facts were communicated to the Coroner, who did not consider an inquest necessary. Patrick Waldron was treated in the hospital yesterday for burns sustained by coming into contact with the fire, and his parents, were slightly burned in their efforts to rescue him. Anastatia Elligott, Town Lane, was treated in the same institution for burns received in a similar manner. The child was removed to St. John's Hospital, there being no accommodation in Barrington's. Michael Gorman, aged 7, living in Carey's Road, was admitted to Barrington's Hospital yesterday, suffering from burns. His case is regarded as serious, and his recovery is not expected.

ATTEMPTED SUICIDE.

Stephen McCarthy, aged 23, labourer, living in Dillon's-lane, Irishtown, was observed to throw himself into the river from the bridge near Barrington's Bank yesterday evening. A soldier named Coleman, who witnessed the occurrence, shouted at the apparently drowning man, and with the assistance of a comrade named Carroll succeeded in rescuing him, and he was subsequently taken into custody by Acting-Sergeant Power, Mary-street. Statements made by the poor fellow showed that he was suffering from religious mania. This morning he was brought before Mr. Guinane and Mr. Clune, J.P.'s, who gave an order for his committal to the asylum.
