10,000 Cows FOR SALE—If 10,000 dairy farmers now losing money by using old-fashioned methods, would each sell a cow and buy a Melotte Cream Separator, they would save the keep of the cow, make more and better butter, and save time, space, and utensils. Sounds all right, doesn't it? Yes, and what's more, it works out all right. Don't believe us, try a M-lotte in your own dairy for 14 days. We will take it back if not satisfactory. 40,000 farmers have taken our advice. Will you do so? Write to-day. Melotte Separator Sales Co. Limited, Bristol.
