FOUND DROWNED.

The body of a man was found to-day in the river
at Mount Kennett Quay. There can be little
doubt as to his identity. It appears that on the 8th
instant a report was made to the police at the
Dock Barrack, that Dungald Campbell, cook on
board the Jargool, a vessel then lying in the dock,
was missing and had last been seen at the General
Post Office between 7 and 8 o'clock on the previous
evening. The description tallies with that of the
body found to-day, and it seems likely that the
unfortunate man, when making his way home to
his ship fell into the river and was drowned.
