The lands are capable of producing heavy crops, or affording excellent pasturage for horses, or any class of agricultural stock. There is also a large walled-in garden about one acre in extent, well stocked with fruit trees, etc.

Special attention is directed to this sale, as it is seldom such an opportunity occurs for procuring a residence near the City, with the right quantity of land attached.

Usual commission of 5 per cent, to be paid by purchaser.

Private offers received up to Thursday, 25th February.
