

**LIMERICK HAS ITS ANSWER.**

Limerick has its answer now. There was a question as to whether the cures, about which our residents spoke so heartily, were lasting.

Did the people stay well? That was the question. And here is the answer, given in the word of a Limerick resident. "There has been no return of my old illness since Doan's backache kidney pills cured me." Mrs. M. Egan, of 14 Dixon's place, Limerick. "I have enjoyed splendid health, and it is all due to Doan's Pills did me so much good in the year of 1901—over 3 years ago. I used to suffer that with terrible pains in the head, also indigestion. My body used to swell, and I could not keep my food down. In the morning I was worse than ever, and I got reduced to a very bad run-down state. It was a neighbour who recommended me to try Doan's backache kidney pills and I have always been thankful to her because Doan's pills are the only medicine that did me any good. The swelling was soon gone, and my health returned. I was also free from the indigestion which I had suffered from before. Since that time, as I have said, I have quite well."

When the kidneys fail to filter the waste, and poisonous matters from the blood, the filtered, impure blood clogs and poisons the organs of the system. In this chronic condition often results; and when this is the case the indigestion is curable only through the kidneys. Doan's backache kidney pills strengthen and aid the kidneys, so that they can filter all poisonous matter from the blood, thereby making the organs healthy.

When you are ill, write and fully describe your case. We shall be pleased to give you the best advice and our power, free of charge. You can send your letter being treated in strictest confidence. Doan's Backache Kidney Pills are sold in six and ninepence per box (six boxes retail shilling and ninepence). Of all druggists and stores, or post free on receipt of direct from Foster-McClellan Co., 3 Wells Street, Oxford Street, London W. Be sure you get the same kind of pills Mrs. Egan had.

**IRISH SALTLESS BUTTER.**

In the House of Commons on Tuesday, Mr. Glynne asked the Chief Secretary whether his attention had been called to further complaints regarding the detention of Irish saltless butter for the English markets, and whether he would consider the advisability of getting a department in Ireland to move with the necessary companies to facilitate the export of produce, so that it might be placed on an equal footing with foreign produce coming to the market.

Wynneham—Complaints have been received and are being investigated by the Chief Secretary.

**HOW CAN YOU WANT TO LIVE ON LIVE LIVER FAT.**

There is a cure for all the ailments of the liver, which is the most important organ of the body. It is the liver that filters the blood, and if it is diseased, the blood is impure, and the body suffers. The cure is simple and effective, and it is the only one that has been found to be successful. It is the only one that has been found to be successful. It is the only one that has been found to be successful.

an incident of about a quarter a century ago in which that name was conspicuous. Mr. Diarnell had been speaking at a farmers' dinner at Aylesbury, and had referred to some telegrams which had just been received from the Straits of Malacca, in somewhat alarmist terms. They turned out to be of no consequence, and Mr. Gladstone, speaking shortly afterwards, made merry over his great rival's needless fears. He gave his audience the following lines:—

The farmers at Aylesbury gathered to dine,  
They ate their old beef and drank their old wine;  
With the beef there was beer, with the beer there was bacon,  
And some thundering news from the Straits of Malacca.

The question whether Mr. Gladstone made these lines or got them from another was at the time, and has been since, a lively subject of controversy.—"Westminster Gazette."

**THE LATE DR. O'REARDEN, BRUFF.**

The sad and rather unexpected death of Dr. O'Rearden, which took place about midnight on the 23rd inst., was the cause of arousing universal feelings of deep regret both in Bruff and the neighbourhood. The deceased was medical officer of the Bruff Dispensary District for the past sixteen years, the onerous duties of which he always discharged in a most humane and efficient manner. Alleviating the sufferings of the poor was always a source of pleasure to him, and the profound grief manifested by the Bruff poor tends in no small degree to prove the great esteem in which he was held. Being only 48 years of age his demise is the more keenly felt. The remains left Bruff bridge for Bruff via Knocklong on Sunday evening, and were received by a large body of people at the station awaiting the arrival of the train. On the remains being transferred to the funeral car the processionists got into line, and escorted them to the Bruff R.C. Church, where they lay overnight. A Solemn Requiem Mass was celebrated on Monday, the celebrants being Rev. Father Cooke (cousin), sub-deacon, Rev. Father Mangan, master of ceremonies, Rev. Father O'Connor. The interment took place in the cemetery adjoining the church.

The other clergy present were—Rev. Charles McNamara, P.P. V.G. Bruff; Rev. Father O'Shea, P.P. Killinlick; Rev. Michael O'Byrne, P.P. Droichead; Rev. Michael Hourigan, P.P. Knockree; Rev. Peter Mochler, O.O. Hospital; Rev. Father J. Connell, Balgaden; Rev. Father Keane, O.C. Rev. Father Connolly, P.O. Moy.

The chief mourners were—Michael O'Rearden (father); Rev. J. B. O'Rearden, Michael B. O'Rearden, and John B. O'Rearden (brothers); Thomas Keyes, Thomas Lynch, Patrick Lynch, Lyach, and J. O'Rearden (nephews); Michael J. O'Rearden, and J. O'Rearden (cousins); P. Rice, P. O'Donnell, M. Quinlan (brothers-in-law).

There was a very large and representative attendance of the general public.
