## J. AND P. COATS.

the city docks, only, unlike some of the joking at the docks has resulted in profit to someone, though possibly a loss to others. During the last few days, one of the porters there has been surprised at receiving from a London house, packets of large pictures, reproductions of famous works of art. They were delivered by post and taken in, though no orders for them had ever been sent. The porter was non-plussed as to who, his unknown "friends" might be, and his surprise was added to when a second parcel of pictures was received. Then, however, a part of the mystery was solved, for accompanying the pictures was a request for a remittance, or the return of the second parcel sent "on appro." Naturally the porter not having ordered the goods declines to pay postage to send them back, and there the matter stands. It would appear as if some joker had sent the porter's name on as a probable purchaser without his knowledge or consent, and if a remittance was sent for the first parcel the "joker" loses his money, and if no remittance has been sent, it is not likely that one will be, and the pictures will remain to be fetched back by the people who were foolish enough to send them without the money, unless they send a remittance to defray the cost of packing and postage. But it is a poor joke to play, though the porter, in possession of the pictures which have cost him nothing seems to have had the best of it so far.

## FARMER'S SAD DEATH.

### County Limerick Tragedy.

From the neighbourhood of Limerick Junction a very sad fatality is reported. The victim is a farmer named James Ryan, who resided at Knockfella, near Solohead.

Mr. Hubert Hartigan, master of the Clonmel Harriers, and a well known amateur jockey over the country, both in Ireland and England, was driving in his motor car from Clonmel to Limerick.

Just at a point near the stud farm the unfortunate man Ryan got off a cart on which he was seated, for the purpose of entering by a short cut to his home, when Mr. Hartigan's motor came on him, knocked him down, with almost its full force passed over his body.

Ryan was taken up in an unconscious condition, and the priest and doctor sent for. Rev. Father Keogh, Solohead, was quickly by the side of the dying man, who breathed his last in the course of half an hour.

Mr. Hartigan, who has been deeply moved by the sad occurrence, was taken into custody, as well as his chauffeur, by the police at Limerick Junction.

## A "SICK" MAN'S VIOLENCE

### Extraordinary Behaviour.

A youth named Patrick Carthy, stated to be a tinker from Kilrush, was brought to Barrington's Hospital last evening about six o'clock, apparently in an unconscious condition. He was examined by Dr. O'Donnell, who found the case was not the matter with him, it having been stated that the man was kicked by a horse. Carthy thereupon seized a bottle and made an attempt to throw it at the doctor or nurse, but Sergeant Beatty, who luckily happened to be on the spot, interfered and arrested him. The prisoner, who is said to have had drink taken, assaulted the sergeant, and continued to otherwise act violently on his way to the lock-up. Prisoner was to-day remanded to Petty Sessions by Mr. Hickson, R.M.

## CHESS TOURNAMENT.

A very interesting chess tournament was held in the Gymnasium of the Protestant Young Men's Association on Tuesday evening, 24th inst., under the presidency of the Rev. J. T. Waller, M.A., junr.

Mr. J. H. Blackburne, of London, who is one of the cleverest exponents of the scientific and intellectual game of chess, visited Limerick on the invitation of the Limerick Chess Club and the P.Y.M.A. Chess Club.

Mr. Blackburne opened the tournament with several "blindfold" games, which lasted for about an hour and a half. There were two of those games played, the Rev. J. T. Waller's game ending in a draw; the other game was well contested by Mr. Brophy, but ended in a win for Mr. Blackburne.

The blindfold games were followed by Mr. Blackburne playing twenty simultaneous games. The tables on which the boards were placed were arranged in the form of a rectangle in the centre of the hall, and were tastefully covered with red baize. Mr. Blackburne occupied the space inside the rectangle, and the rest of the players sat round outside. Mr. Blackburne had the right of first move in each case, and after some intensely exciting play he was successful in scoring seventeen games; the other three were declared drawn, the players being Messrs. Brophy, Lloyd, and Mathie, all of whom are to be congratulated.
