### ACCUSED MAN APPLAUDS SERIOUS CONSEQUENCE OF JOKE.

What appears to have been a stupid caused no little unpleasantness to a Limerick driver, who, after the case had been heard last Kilkee Petty Sessions was applauded in a crowded court, when the magistrate ordered his discharge. The man was driver for a Limerick firm, and while he staying at a house in Kilkee a pair of boots for 15s were mended, and they were afterwards found on the top of the van he was driving. Evidence showed that there were young lads in and out of the place, and that they sometimes teased and had a bit of sport with owner of the boots, and it was urged that placed the boots on the van, either for against the driver, or as a joke against the D.I. Conlon testified that every statement by the accused was true, and their words refused informations, as was stated, applause.

### THE KING AND PUNCESTOWN

It is now officially stated that there is foundation for the report which has been circulated that the King intends to pay a visit to Dublin towards the end of next month during Puncestown race week. His Majesty has never contemplated making another visit to Ireland during this spring, and at the present time he will be cruising in the Mexican in the Royal yacht Victoria and Albert.

### ABBEYFEALE CALF MARKET

The demand experienced, in consequence of the attendance of some of the old Mic buyers, in addition to those who have attended the opening markets was somewhat brisk and encouraging. Calves of good condition and colour were readily purchased. There is no doubt if farmers adopted the fattening system to some extent a livelier market would occasionally, particularly in dull store seasons, be found for their young stock. Prices ranged from £1 to £1 10s., and from £1 10s. to £2s. 6d. according to age, colour, and condition.
