Zenith	...	...	3

8 ran.

musical matters is a very apt pupil. To-day's  
programme bring the engagement of the Gordons  
to a close, and before the curtain is finally rung  
down on la exposition, it is to be hoped that the  
directorate will see their way to re-engage this  
very admirable combination of instrumentalists.  
Save for a few hours occupancy on Sunday by  
the Cashel Concert Party and cinematograph  
"turns," the theatre has been starved for the  
past fortnight. No effort appears to have been  
made to organise a concert or  
a musical sketch, same as those  
provided by the Haydn Opera Singers. The  
cinematograph is very well to see once in a  
while, but the paucity of other entertainments,  
and the necessity for something new, is much  
commented on, and if the nightly popularity is  
to continue, some changes will have to be made.  
for, as far as the "natives" are concerned the  
"attractions" of the industrial exhibits have  
exhausted themselves, and visitors look for  
some outside shows which may induce them to  
continue to attend.

### OUR SIDEWALKS.

That improvements in the way of flagging are  
sorely needed in certain parts of the city few  
will deny. For the past two or three years little  
has been done to make pedestrianism pleasant  
in the more remote quarters, and it is about  
time that some of the money should be applied  
thusly. In the Castle Ward particularly the  
ratepayers have much to complain of for want of  
decent sidewalks, and the same may be said of the  
Dock, one of the wealthiest wards in the Borough.  
It may be that new works are not estimated for  
in the yearly expenditure, but what are our  
representatives in the Corporation for but to look  
after our interests, in which a flagged footpath  
must be reckoned. Verily the Alderman and  
Councillors who devote so much time to vapour,  
or, to use an Americanism, slinging out hot air,  
should give a little thought to matters that call  
for serious attention.

### LIMERICK COUNTY COUNCIL.

A special meeting of the Limerick County  
Council was convened for to-day to dispose of a  
variety of business, but after waiting an hour a  
quorum could not be had, and the meeting was  
accordingly adjourned till next Saturday. There  
were present—William Gubbins, Vice-Chairman  
Lord Dunraven, Mr. John Cojeman, Mr. E.  
Mitchell, Mr. M. Hyland, and Mr. P. Hayes,  
with the Assistant Secretary, Mr. Fitzgerald, the  
County Surveyor, Mr. Horan, and other officia ls

### A CALLOUS JOKE.

The "smart" gentleman who sent the bogus  
telegram from Kilkee on Thursday, announcing  
the death by drowning of a certain young citizen  
that morning, is one of a class that requires to  
be taught a lesson. The reception of the "news"  
in the city, naturally caused the greatest con-  
sternation in the staff of the firm where the  
young man was employed, and the wonder is if  
did not reach the ears of his family. Now joking  
is alright in its own way, but when carried too  
far as in this instance, a remedy must be applied  
to bring the offender to a sense of the mischief  
he has created. This is only one of the man;  
cases of hoaxing that has come under our notice  
within the past twelve months, and until suc-  
time as the authorities step in and exercise th  
power of the law to deal with such an obnoxious  
and dangerous class of society as these intrep-  
"jokers," it is more than likely that the evil  
door will continue his pranks. In the case we r  
fer to preparations were almost completed f  
the transference of the remains to the city.

### STORY OF A BOROUGH STONE.

Yesterday, in the City Petty Sessions Cou  
Michael Madden, 17, of Rhebogue, was charg  
with the larceny of a borough boundary stone.  
Mr. J. J. Peacocke, City Surveyor, said t
