

THE LIMERICK CHRONICLE, TUESDAY

t of hanging for taking their seats in the
er House without due formalities having
previously observed. Some day they will
to execute a Whip or brand a Lord
ncellor, then greater care will be taken. The
aber himself must not be punished; in his
stage-fright might excuse worse than his
getting the writ.

THOUGHTS FOR TO-NIGHT AND TO-MORROW.

Courage is on all hands considered as
an essential of high character.

Unless you honour your life, you
cannot get God's best and fullest
wisdom.—Phillips Brooks.

No entertainment is so cheap as
reading, nor any pleasure so lasting.—
Montagu.

'Tis the will that makes the action
good or ill.—Herrick.

NEWS-NOTES AND NOTIONS.

RICH NICKEL DEPOSIT.

Mr. J. B. Miller, of Sault Ste. Marie, Ontario,
has discovered what is believed to be the richest
nickel deposit in Canada, near Worthington, in
northern Ontario. The vein is reported to be a
hundred feet wide, and to contain almost pure metal.
The Standard Oil capitalists, who control the nickel
trade in Canada, are endeavouring to purchase the
ground.

WIFE'S PRICE REDUCED.

After selling his wife for £3, Aguilar, a Mexican,
returned £2 16s of the money, on the ground, says a
Washington correspondent, that the purchaser, by
the name Astura, was worsted. The only stipulation
was that Astura was to leave the city with the
woman.

INDEPENDENT WORKHOUSE INMATES.

Workhouse inmates have been reported many a
time and oft for insubordination, by refusing to
work. But we have never heard of a case in this
country, at all events, where they claimed a bank
holiday—no less—as an excuse for remaining idle.
There is rather a humorous incident which is reported
to have occurred across the Channel. An able-bodied pauper
was brought before the Uckfield (Sussex) Board

OUT AND ABOUT.

Mr. J. P. Cross, second class clerk, upper
section, H.M. Customs, Yarmouth, has been
promoted to chief officer, Sligo; Mr. G. Gray,
second class examining officer, Inverness, pro-
moted to chief officer, Fenit, Tralee; Mr. C.
Shea, preventive man, Swansea, transferred to
Cork.

Messrs. Davies representative, Mr. G.
Manders, begs to announce he will be absent
from his residence 11 Cecil street, Limerick
from August 12th till September 3rd.

SYMPATHY WITH MR. AND MRS. W. B. FITT.

Widespread regret is expressed with Mr. and
Mrs. W. B. Fitt on the death of their infant son,
who succumbed to a convulsive attack on Sunday
afternoon. The sad event, which took place at
46 George Street, the residence of the esteemed
parents, is rendered much more poignant as the
little one was an only child, and up to Saturday
gave every promise of manhood. However,
Providence ordained otherwise, and when the
little soul departed its earthly habitation on
Sunday the news was received with the utmost
regret and many messages of sincere condolence
were conveyed to the parents in their bereave-
ment. The remains were interred in the Society
of Friends Cemetery, Ballinacarra, this morning
in presence of a large number of sympathisers.

BUTTER BILLS PASSED BY LORDS.

The Butter and Margarine Bill was read a
third time in the House of Lords and passed
last night.

KAID MACLEAN RELEASED.

A Reuter's telegram states—The subjoined
news has been received from Tangier. It is
stated that Sir Henry MacLean is at present on
his way to Fez in charge of the Hamass tribes-
men, to whom he was delivered by Raisuli on
Saturday. Another report says that the tribes-
men handed him over to the Moorish Emhalla
encamped at Alcazar.

EXCURSION TO LAHINCH.

The members of St. Michael's Temperance
Society to the number of about a thousand, had
their annual day's outing on Sunday, the locale
being Lahinch. The morning looked threaten-
ing, but it was not until the excursionists were
almost on the point of entraining for home that
